BEVERLY HILLS LEGION ENTERTAIN DISTRICT POSTS

Hospitals, Education, Compensation, Membership, Big Jobs For 1924

MUSIC AND EATS ENJOYED

A real lively and enthusiastic meeting was held last Thursday evening by the Fourth District Council of the American Legion at the Ridge Field House with our Beverly Hills Post acting as hosts. This is a regular monthly affair and Senior Vice-Commander Savage, Ill. State Dept., the speaker of the evening complimented the 4th Dist. on the wonderful work tthey were doing to boost the American Legion and 100 per cent Americanism. These meetings also help to "pep-up" the individual Posts by exchange of ideas.

Before the meeting was called to order the Beverly Hills Post's musicians entertained the boys for a while, "Art Ray" tickling the piano keys, "Doc" Schissler jazzing a mean "Sax," and Johnny McKnight doing his bit with some solo work, made quite a hit with the boys.

The meeting was called to order by A. A. Gray, commander of the Beverly Hills Post, who read a communication from Illinois State Commander, John Bullington, and also one from State chaplain, Rev. Eward, both of whom expressed sincere regrets at not being able to be present at this meeting.

He then introduced Tom Taylor, 4th Dist. chairman, who took charge of the meeting for the rest of the evening. At roll call the Posts were asked to give the number present, they responded as follows: Harvey, 4; Chicago Heights, 5; Englewood Post, 8; Steger, 9; Stanley Sullivan Post, 1'; Paul Gaul Post, (Dolton) 13; Flanders Post, (33rd and Morgan) 22; Blue Island, 23 and Beverly Hills, 24. All Posts also reported being busy either with membership drives, new club houses or entertainment programs.

Senior Vice Commander Savage then said that it was at District meetings like this that you find out what the American Legion is really doing and what it proposes to do, and what each "Buddy" can do to help the good cause.

He also let the boys know that the new officers they elected for 1924 were on the job. This was January 24, he said, and he had already attended 20 meetings since the first of the year and all the other officers were doing the same, helping in organization work and membership drives.

He said that the American Legion has four big jobs for 1924 that require a lot of work and help, viz: Hospitalization, which is a big job in Cook County, 1500 Buddeis that need beds and proper medical attention; Rehabilitation, Adjusted Compensation, which needs the backing of every Legionaire, and new members.

Frank Kees, "Chef De Guerre" of the "40-8," an organization inside of the American Legion, then spoke to the boys and explained what that organization was. He said it was nothing more or less than a "Booster" organization for the American Legion, it is a bunch of "live wires" all full of "pep" and doing their bit. The only requirements to join, he said,

DR. H. C. GLEISS OF DETROIT WILL VISIT MORGAN PARK

Dr. H. C. Gleiss of Detroit will visit Morgan Park. Dr. Geiss is President of the Detroit Baptist Mission Society and has done an outstanding piece of work among the colored people and foreigners of that rapidly growing city. He was one of the American speakers at the World Baptist Convention at Stockholm last summer. Dr Gleiss will preach next Sunday morning at the Baptist Church at eleven o'clock. A conference of all Baptist Mission Secretaries will convene in the city during the coming week.

CHAS. MERIGOLD SUCCUMBS AFTER LONG ILLNESS

Charles A. Merigold, one of the old and well known residents of this community, died at 10:50 Wednesday morning, Jan. 30, at his residence 10048 Prospect Ave., after a lingering illness.

In March of last year Mr. Merigold suffered a stroke of paralysis which kept him confined to his home more than six months. Later, however, he recovered his strength sufficiently to enable him to go to his doctor's for treatments and it was while returning from one of these visits, on October 1", 1923, he was struck by an automobile truck just as he was crossing Vincennes Ave. at 103rd St. Mrs. Merigold was with him at the time. He was given temporary aid at a nearby drug store and was then moved to the Auburn Park hospital when an examination disclosed a skull fracture on the forehead. After a couple of weeks at hospital he was taken to his home where he had been ever since.

Mr. Merigold never recovered from the shock of the accident and for the greater part of the time has been in an unconscious condition. Lately bronchial pneumonia developed and this hastened his death.

Charles A. Merigold was born in Pekin, Ill., April 17, 1863. He was married to Elizabeth DeWald on Sept. 15, 1891, and settled in Morgan Park. He has been a resident here since then living at the above address for the past 18 years. He was general superintendent at the Hansell Elcock Structural Steel Co. for the past 23 years. He was a member of Calumet Court No. 138 C. O. F.

Funeral services will be held Saturday morning from St. Margaret's Church, where solemn requiem mass will be celebrated. Interment will be in Holy Sepulchre Cemetery.

Mr. Merigold leaves to mourn him, his wife, Elizabeth, five sons, Francis A., George J., Lawrence J., Charles H., and Albert D. and one daughter. Helen E., two sisters, Mrs. Harriet Cushing of Galesburg, Ill., and Mrs. Lillian Beaver of Joliet, Ill.

ACADEMY BOYS WIN TWIN BILL AT BASKETBALL

On Saturday, January 26, Morgan Park Academy took both the heavies and lights of Chicago Latin school into camp. The games were played on the local floor. Capt. Drougemuller counted ten baskets and a free throw. The Heavies piled up a one-sided score of 34 to 17. Both teams were full of fight but the Chicago Latin school scoring machine was kept closed by the fine opposition of the Academy guards. Stevens was next with two baskets.

The light weight game was not so fast as the heavyweight game but Morgan Park held her own. Priess was the star in this game making three baskets and three free throws. Wontham followed with three baskets. Only one field goal was made by the Latin school. Lineup:

FOREST RIDGE REPORT SHOWS LIGHTS NEEDED

The Forest Ridge Improvement Association set an example recently which will be followed by other improvement associations and property owners when seeking to interest the city authorities in needed improvements or attention to certain conditions in their various districts.

The Forest Ridge association sought to secure additional street lights in their district and in order to get the attention of John T. Miller, Commissioner of gas and electricity, and Alderman McKinley, early in the year before appropriations are exhausted, the association caused a complete survey to be made of the section in question, giving complete data and setting forth in detail the urgent need for the improvement asked.

Dr. R. W. Starr, chairman of the streets and lights committee, and a number of volunteers went over the district completely and drew up a plat showing the number of lights needed on Winchester Ave., from 97th to 99th St.; Robey St. from 96th to 99th St.; Hoyne Ave., from 97th to 99th Sts.; 97th St., form Winchester to Hoyne 98th St., from Longwood Drive to Hoyne Ave.; 99th St., from Winchester to Hoyne Ave.; Hamilton Ave., from 95th to 97th or 98th St. The plat showed the number of homes on each street and any proposed improvement. These lights, it is believed, can be installed on the same circuits now being used.

G. K. Garside, secretary presented the plat as a report of the association to Mr. Miller, who was very pleased with the spirit of co-operation in which it was presented and promised attention at an early date. The matter was also laid before Ald. McKinley who will lend his aid to further promote the action. The fact that a definite action was taken, showing actual need, and put down in black and white, will secure results.

We suggest that property owners on streets needing adequate lighting follow this plan and secure the co-operation of their improvement association in presenting the matter before the proper authorities in concrete shape, as was done in this case.

GIRL SCOUT TROOP No. 40 TO HOLD SPECIAL MEETING

Girl Scout Troop No. 40 will have a special meeting Friday evening at the Baptist Church, to which parents and friends are invited. There will be entertainment in the way of ballads, and investiture. Miss Margaret Gear is Captain of this troop.

SOUTHWEST DIST. COUNCIL ELECTS NEW OFFICERS

Boy Scout Movement Will Take Added Impetus Under 1924 Compaign

QUOTA $15,000 IN 15 DAYS!

"Every business man, professional man or clergyman should give attention in some measure to the Boy Scout movement." said Otto F. Reich, past president of the Southwest District Council, B. S. of A., in introducing A. R. Lowe new president of the council at the meeting held last Monday evening at the College Cafe. "The importance of the Scouting movement and its function should attract more men who are leaders," he continued "for that has been Southwest's greatest need." "However, with the rearrangement of the Council, the creditable work of our field executive and the appointment of Deputy Commissioners, I believe we can hope for greater achievements for the coming year."

One of the largest meetings ever held by the district, the evening promised much in the interests of scouting.

Walter W. Morris presided until he turned the gavel over to Mr. Lowe. The report of the nominating committee, made by D. S. Wentworth was unanimously adopted. The officers for the following year are: President, A. R. Lowe; Deputy Scout Commissioner, Reid M. Bennett: Finance Chairman, Frank M. Hallenbeck; T. L. Young was appointed chairman of organization and extension; Henry Kellog of leadership training; William McDonnell, chairman of publicity; Reid M. Bennett, court of honor chairman; and Wendell Williams, camping chairman.

"The Boy Scout movement is the greatest thing that ever happened to boydom," said J. P. Freeman, assistant national field scout executive.

"Formation is better than reformation and expression better than re-

BUSINESS MEN POSTPONE THEIR REGULAR MEET

There being no business needing immediate attention the Morgan Park Business Men's Auxiliary are postponing their February business meeting until March, when they are planning to have a dinner and lecture.

It is planned to have a sales-manager from the National Cash Register Co. come at that time and talk on "Better Business Methods." He will bring a motion picture film to illustrate his talk. This is not an advertisement for the National Cash register, but a help to the local business man. Dates and details will be announced later.

Celebrated Harpist Coming to M. P. Church

Mr. B. Wise, tenor, scored a decided success last Sunday night at the Morgan Park Methodist Church. Mr. Wise has a pleasing personality and sang with authority and sincere musicianship. In all his numbers he showed splendid control of his voice and interpretation. In the beautiful aria, "If With All Your Hearts" his sincerity, his sympathy and excellent voice combined to completely win his audience. An effort will be made to have Mr. Wise appear again.

Next Sunday night the special musical feautre will be Dorothy Bell, the noted harpist. For two years Miss Bell has been first harpist of the Civic Orchestra under the direction of Frederick A. Stock. Her playing is characterized by sureness of technique, grace and feeling for rhythm which one does not usually associate with the harp.

The moving picture of the Holy Bible Series.
entitled "The Israelites in Egypt" will be shown. The pastor, Arthur D. Klentz, will preach on the theme, "The Racial Tie." Do not miss this great service. Sunday night at 7:00 o'clock.

Wedded Fifty Years Friends Help Celebrate

Mr. and Mrs. Cornelius E. McCabe, 8322 S. Hoyne Ave., were very much pleased and surprised last Saturday, January 26, when about thirty of the immediate family and relatives came in to help them celebrate their golden wedding anniversary.

The couple were well remembered with beautiful flowers from friends. Mr. McCabe was born in Vermont and Mrs. McCabe was born in Chicago. They were married in the Holy Name Church at Roosevelt Rd. and May St., and heve resided in Beverly Hills for the past year.

ALD. WOODHULL ADDRESSES MEN ON CITY TAXES

In spite of the zero weather a good representative group of the Men's League of the Bethany Union Church came out to their monthly dinner and to hear Ross A. Woodhull, chairman of the finance committee of the city council, speak.

Ross A. Woodhull, who has been recommended by many Chicago civic bodies, was first elected to the city council in 1917 from the 7th Ward and was elected chairman of the finance committee in 1923.

Mr. Woodhull said he was pleased to speak to a group of men like this who showed an interest in the city administration. Their biggest problem, he said, is the indifference of the citizenship, they take no interest in politics until something goes wrong or the taxes are raised.

The corporate City of Chicago is a business institution unlike a prvately owned business or corporation because its business is transacted according to the law, but never the less a large business institution, and the tax rates are based on the requirements of the county and state and the value of personal property and real estate. The majority do not make an honest value of their property and therefore with the requirements of the county and state the tax rate is higher—the more the value the less the rates, and the less the value the higher the rates.

Few people know how much of the tax money is used by the corporate city of Chicago. Based on one dollar of tax the city gets 23c and the rest goes to the schools, parks, sanitary district, county, statte, public library, forest preserves, tuberculosis institutes, and police and firemen's pensions.

Mr. Woodhull also explained the city's borrowing power and why it was so low and why the city treasury is so depleted at this time. He also explained the new street broadening and widening projects for 1924.

EMPEHI HEAVIES LOSE FIRST GAME TO BOWENITES

Basketball "dope" was again upset in the south section last Thursday when Bowen, in a last quarter rally, squeezed out Morgan Park Heavies 13 to 10. This puts Morgan Park and Bowen in a tie for second place with Calumet holding down the top position for the present.

Morgan Park managed to even the honors when the Lghts came through with an easy victory over Bowen 12 to 7. Line-up:

RIDGE ACTIVITIES COMMITTEE ELECT NEW OFFICERS

Will Get An Early Start For This Year; Co-operation Of All Needed

7 ASSN'S. REPRESENTED

The new officers elected for the year 1924 of the Ridge Activities Committee are to profit by the experiences of last year's officers, as suggested by Frank R. Jennings, retiring chairman, and are to begin working on this year's activities in advance, especially in regards to finances.

The new officers elected are: Chairman, James W. Rook of the Beverly Improvement Assn.; Vice Chairman, Geo. D. Totten of the Vanderpoel School Assn.; Secretary-Treasurer, L. M. Harper of the Beverly Hills Post of the American Legion.

Chairman, Frank R. Jennings, appointed a nominating committee of five men, who nominated the above officers and there being no objections or opposition a unanimous ballot was cast in their favor. The associations represented at this meeting were: Beverly Hills Iprovement Assn.; Morgan Park Business and Improvement Assn.; Forest Ridge Improvement Assn.; East Beverly Improvement Assn.; Vanderpoel Art Assn.; Longwood Drive Property Owners Assn.; and American Legion, Beverly Hills Post.

When Chairman, James H. Rook, took the chair he called for a rising vote of thanks and appreciation to the outgoing officers for their efforts and the good work they have accomplished even against much discouragement. The vote was given heartily. It was decided at the last meeting to collect $3.00 from each delegate so that the new officers would not have to start work with a deficit in the treasury.

The nominating committee also recommended to the new chairman, in order to help him in forming his new committees, that Fred E. Deal of the Forest Ridge Improvement Association be named as chairman of the Finance Committee, because of the fact that he has made such wonderful progress in bringing up the finance of his organization.

The new chairman then took the chair amid much enthusiasm from those present. In a short speech he presented several good suggestions for the coming year. Some of the suggestions for work to be accomplished are: That in conjunction with the efforts of the Transportation Committee to secure better service from the Rock Island it might be well to suggest to those living along the railroad right of way to clean up the rubbish in their back-yards, which is an eyesore to those riding on the trains; also that an auditing committee be appointed to let the residents who contributed know audit books, and publish a report as to how and where their money was spent; also that name of organization might be changed so that it would better suggest the real activities of the body. Of the several suggestions made "Ridge Civic Council," seemed to meet with the most approval. It was also thought best that the organization secure a charter and be incorporated. Another suggestion was to amend the by-laws and to make two separate offices of the Secretary-Treasurer. This would relieve one man of the entire burden. A committee was appointed to amend the by-laws, change the name, and secure a charter.

The out-going Chairman, Frank R. Jennings, profusely thanked the officers and committee chairman for their co-operation with him during the past year.

At the next meeting, which will be at the call of the chairman, the names of the chairman of the different committees will be announced and work begun in ernest.

The contract for the addition of five stops for the pipe organ of the Methodist Church has been let with Moller Pipe Organ Co., who constructed the organ originally. This addition will make this organ one of the finest Church organs on the South side.

EMPEHI CAGERS WIN TWO GAMES FROM CALUMET

Ewing, guard for Morgan Park shot the winning basket in a hotly contested basket-ball game last Monday between Morgan Park and Calumet High.

Coach Davenport's boys beat Calumet in a five minute extra period game 11-10. It was one of the fastest, cleanest games of the south section. The score at the end of the first half was 8 to 8 and at the end of the last quarter 10 to 10. The referee then called for an extra five minute period when Ewing got his chance and made a nice free throw which won the game.

Warren and Ewing, guards for "Empehi," did some wonderful guarding of the McArdle brothers, dangerous basket shooters for Calumet.

This puts Morgan Park in a tie for first place with Bowen in the south section heavy-weight division.

The lights also had a fast and hard fought game Morgan Park winning by 18-7. Both teams called for time out twice to get their breath.

Jim Roxborough of Morgan Park started in the light-weight game by making ten of his team's eighteen points. The Empehi boys made the first basket and held the lead all through the game. Score at end of first quarter: M. P. 4; Calumet, 2; at the half: M. P., 7, Calumet, 2; third-quarter: M. P. 14, Cal. 4; end of last quarter: Morgan Park 18, Calumet 7.

Censure and Criticism.

Censure and criticism never hurt anybody. If false, they cannot harm you, unless you are wanting in character. And if true, they show a man his weak points, and forewarn him against failure and trouble.

The Parsing of Pants.

Lebanon has a colored man whose homespun logic is hard to combat. For instance, he insists that pants is an "uncommon" noun because it is singular at the top and plural at the bottom. —From the Lebanon (Ind.) Reporter.

Forest Insects.

Morgan Park Woman's Club

The Drama Study class of Morgan Park Woman's Club met at the home of Mrs. Johannson, of 111th St., Monday, Jan. 25. Mrs. Robey being assisting hostess served coffee after the play.

A class of 60 was present for the presenting of the play "The Famous Mrs. Fair." Two acts were read by Mrs. McClure and the following cast staged the last two acts:

Nancy Fair—Mrs. R. McClure; Jeffrey Fair—Mrs. E. Knapp; Sylvia Fair—Mrs. E. Johnson; Allen Fair—Mrs. Harms; Peggie, Allen's wife—Mrs. Lane; E. Gellett—Mrs. Gale.

The cast was congratulated on their fine acting. Mrs. McClure was a happy surprise to all present by her wonderful portrayal of the part of Nancy Fair. She was all that could be wished of a professional actress. She was such a real joy that Mrs. Hubbird says: "It pays for all the work the department takes." Her wonderful ability at the climax moved the audience to tears.

The next drama day will be given over to rehersal of the plays for the rest room benefit for the Western Avenue School.

Delta Alpha Sorority Holds Initiation

Alpha Chapter of the Delta Alpha Sorority held solemn initiation services at the home of Mrs. Pauline De Swarte, 6144 Peoria St., Thursday evening, Jan. 24. Mrs. Ethel Medill Elliott of 6827 Union Ave., became a member at this time. She was presented with a pearl studded Delta Alpha pin, also a beautiful corsage bouquet of the sorority flower, the pansy.

Among those present were Mrs. Alice M. Thatcher, patroness, of 11311 Hermosa Ave.; Mrs. Maude B. Austin, 11319 Hermosa, carrier, and Mabelle M. Roginson, vice president, of 11346 Church St., all of Morgan Park.

Delicious refreshments were served by the hostess and all enjoyed a most delightful time.

Not High Enough.

Blinks—"It says in this paper that a Frenchman has invented an automobile that can be made to jump over obstacles three feet high." Jinks—"Well, he'll have to do better than that, for most pedestrians are five feet or over."

England's Prime Ministers.

The title of prime minister in England was first used by Sir Robert Walpole, who was in office from 1721 to 1742. By this time ministers were being chosen from one political party, and they had begun to act together, so that they obtained the name of the ministry. Their leader was then called the premier or prime minister. This title was not recognized by law until 1905.

LIGHTS OF BLUE ISLAND DIM AND DREAR TO GIRLS

The great white way of Blue Island looks pitifully dim these days to Gertrude Caraher and Loretta Retzer, 15 year old peacocks late of Broadway. They arrived back in Illinois Monday afternoon after spending a grand and glorious week in New York City, sadder but wiser.

A report from a man at Morgan Park to the Blue Island Police Station last Wednesday showed that the two girls were missing. Saturday they were located at 500 West 110th street New York City, living in a luxurious furnished apartment, rented wich $450 which Gertrude had with her when they left Chicago. Only $100 was left when the Children's Society caused one end of the candle to flicker and die.

Lieutenant of Detectives Patrick Curley learned that two attractive young misses were living rather lavishly at the 110th st. address. With Detectives Sheehan, Barrett, Giery and Harris he went to the apartment and found the Caraher girl in a comfortable apartment on the third floor. They waited until the Retzer girl returned a half hour later.

The girls said they had tired of the uneventful life in Blue Island and told the detectives they hankered for a of the greatest city of the land with its white ways, gleaming lights and other attractions.

The girls explained how they had boarded the sleeper at Chicago, how they searched through Harlem for a respectable and suitable apartment in which to live, how they had enjoyed several of the best plays now running, and taken part in other adventures.

They said they had dined in some of New York's best restaurants and admitted they felt quite thrilled at being able to ride in taxicabs. A new $150 fur coat adorned the graceful figure of Gertrude, who informed the detectives she had bought it after a window shopping tour here.

Gertrude lives at 466 Gregory street and Loretta Retzer lives at 125 Clinton street.

Cold Water Sinks.

Men swimming in the surf on large icebergs find the water has a temperature of 72 degrees, even close to the berg, for the water in contact with ice sinks as fast is it cools.

They Would Not.

What a fine world this would be if those who have money would use it as those who haven't money think they would use it if they had it, which they wouldn't.

Hair-Ribbon Denotes Station.

In South Greenland the color of the hair-ribbon which a woman ties around her head denotes the social condition of the wearer—whether she be maid or wife or widow.

Last Thursday evening when the ground became very slippery two bright lads conceived a clever idea. Motorists found difficulty in pulling their cars up the hill on 95th St. from Wood St. to Longwood Drive. The boys secured two large goats from Haedtler's farm, 9555 Western Ave. and with the aid of a rope and chain slowly pulled the distracted car up. Fee 25c each and lots of extra money made.

Phoenician Stone.

The Phoenician stone was a famous imposture, in the shape of a stone, bearing a bilingual inscription in Greek and in pretended Phoenician, and purporting to be a genuine tablet of the Fifth century B. C. In 1824 the stone was sent from Malta to Raoul Rochette, curator of the cabinet of antiquities at Paris, and was declared to be genuine by him. A copy of the inscription was sent to several of the learned men of Europe for decipherment and translation. Among the savants imposed upon, in addition to Rochette, were Gesenius of Halle and Hamaker of Leyden. The Phoenician stone was afterward proved to be a hoax.

Three New Glaciers Found.

Discovery of three new glaciers in the Bitter Root range in Montana was made recently by Theodore Shoemaker and K. D. Swan of the forest service All are located on a ridge between the Big and Kootenai creeks. A climb of 4,000 feet was made by the explorers into a wild and little traveled section before the glacial formations were sighted. One of the ice masses was of huge proportions, while the other two were considerably smaller. Inspection of the area, including the study of rock deposits and other geological signs, indicates that the glaciers are receding rapidly, Mr. Shoemaker said.

Lifting Power of Air and Gases.

The lifting power of air is 0.16 pounds per 1,000 cubic feet of air for each degree Fahrenheit above the temperature of the surrounding air. This weight is the total weight inclusive of the dead weight of the balloon. The lifting power of hydrogen is 75.1 pounds per 1,000 cubic feet. The lifting power of helium is 69.7 pounds per 1,000 cubic feet, the temperature of these last two being the same as that of the surrounding air.

What Is Meant by the "Levant?"

This is a geographical name employed throughout Europe to designate the eastern parts of the Mediterranean sea and adjacent countries. In a wider sense, it is applied vaguely to the regions eastward from Italy, as far as the Euphrates and the Nile; but more generally is used in a more restricted sense, as including only the coasts of Asia Minor, Syria and Egypt.

Formation of Coal.

The general theory regarding the formation of coal is that it results from the decomposition of vegetation in swamps under tremendous pressure at a high temperature. The first state is peat; second, lignite; third, bituminous; fourth, anthracite; and the final state is graphite from which pencils are made.

The Ancient and Modern Year.

The Athenians began their year in June, and the Macedonians in September. The Romans first had their new year in March, but later changed it to January. The Persian new year is August 11, while the ancient Mexicans began it on February 23, and the Mohammedans began it in July. The Chinese begin their year late in January or early in February.

HARRY PALMERS WELCOME ADDITION TO FAMILY

Mr. and Mrs. Harry F. Palmer, 1753 W. 96th St., welcomed the stork last Monday morning at 3 a. m. and received a bouncing baby boy, weighing eight pounds. They have named the baby Harold Calvin Palmer. The Palmer family are very proud of this new addition to the family. Mother and son are getting along in fine shape.

Physician Claims New Cure for Tuberculosis

New York.—A new treatment for pulmonary tuberculosis whereby the disease is attacked through the building up of fibrous tissue in the lymphatics of the lungs has been announced to the medical profession by Dr. Thomas F. Noland (above) of New York. During 13 years' study he claims he has found that amorphous carbon and calcium salts, in powder form, breathed in the lungs, checks the further advance of the disease. Doctor Noland is shown in his office demonstrating the manner in which medicine used in the treatment is administered to patients through an apparatus of his own construction.

Gold Spangled Pearls Discovered in France

A fresh-water pearl fishery is one of the hitherto unsuspected treasures of France, according to a report by M. Henneguy to the Academy of Sciences at Paris. He said Raphael Dubois has discovered in the center of France fresh water mussels that produce pearls comparing favorably in color and brilliance with the best efforts of the oyster. As a specimen M. Henneguy exhibited a pearl of oval form with a slightly purplish tint and brilliant luster.

The microscope showed a small spangle of gold incrusted in the pearl, and it is recalled that the Romans obtained certain quantities of gold from the sands of water courses of central France during their domination. Members of the academy are skeptical of the productive capacity of the fresh-water mussel, although they regard the specimen shown as of undoubted value.

Shark Cut to Ribbons by Propeller on Launch

An attack on a launch by a giant shark is described by Arthur Robinson.

He said he was en route from Lautoka to Yasawas, in Fiji islands, when his small launch struck heavily against something.

"I first thought we had hit a reef," he related, "but could not understand it, as we were in deep water. A minute afterward came another bang and a great thudding under the stern. I looked over the side and saw a big shark with his head and mouth in ribbons. He must have gone for a feed off the propeller. It killed him. He simply rolled round and round like a corkscrew and went straight down till out of sight."

SCOUT NEWS

What is expected to be the biggest Boy Scout convention ever held in Chicago will convene in the Municipal Council Chamber, in the City Hall, Feb. 9, when the delegates from all the Scout districts in the city will select a mayor, who will take over the city government, occupying the office of Mayor Dever, Feb. 16, the second day of the campaign to raise $150,000 to advance scouting in Chicago.

According to the present plans, every troop in the city will have a vote. After the delegates have elected the boy mayor, the juvenile city executive will appoint his cabinet, including a chief of Police, City Clerk, Board of Health commissioner, Corporation Counsel and the heads of all the other departments of the city government. All these Boy Scout officials will take over and perform the duties of their respective offices on February 16, when their mayor takes over the reins of the city government for an hour on that day. All the convention plans are now being worked out and will be announced later by the Field Scout executives of the seven Scout districts.

All the districts are now organized for the Chicago Council campaign to raise the funds to "carry on" with scouting for another year. The chairmen who will work under the direction of Barrett Wendall, general chairman of the fund committee and Judge Victor P. Arnold, of the Juvenile Court, chairman of the "leadership and sponsoring group" committee are Southwest side, Frank Hallenbeck; Calumet district, George M. Heinson; South shore, Nathan Plimpton; Stock Yards, A. B. Drummond; West side, T. W. Brophy, Jr.; Northwest, W. A. Aepplia and Northshore J. F. Cornelius. The northshore was tthe last to select a chairman, but Mr. Cornelius, who formerly was head of the Winnebago Farm School for boys, has jumped into the campaign with a determination to make scouting on the northshore more active than ever.

At the big roundup of scout leaders at the City Club the annual meeting of the Chicago Council—James E. West, the national Scout Executive of the Boy Scouts, who came from New York to deliver a message of inspiration, declared that Boy Scouts were the nation's greatest asset.

"The average boy," he said, "has 5,000 hours activity-leisure time—the school gives leadership only to 1000 of these 5000 hours and it is largely a matter of chance and circumstances as to how the other 4000 hours are spent. If he comes from a good home, where the father is conscious of the fact that the greatest asset he has in his home is the boy and girl, and there is a carefully laid plan as to how the boy and girl are going to spend their idle time, then all things may go well but unfortunately, the average man doesn't plan for this leisure time. He generally assumes that if they are in good schools and churches in some way they will pull through. He overlooks the fact that there are factors in the life of the average city very hard to compete with.

"So, we who are in scouting believe that the Boy Scout program will help in relation to every one of the five points which the secretary of war recently pointed out, namely; the physical fitness of the youth of America; their general education; their vocational skill, their character building and their attitude of mind. The Boy Scout program will help make the youth into better citizens. It works for character building and citzenship training. It gives the boy an intelligent realization that he has a relationship to society which involves responsibility as well as privilege."

Troop 655, the Morgan Park Congregational Church, has organized a Radio Club. A meeting was held Wednesday, Jan. 23, 1924, at the home of George Wilson. At this meeting officers were elected. They are as follows: President, Edwin Pratt; Vice-President, George Wilson; Secretary, Jarvis Alexander; Treasurer, Gunnar Troedson.

Mr. Bremer, of the Bremer Tully Mfg. Co, is furnishing the parts for a two-step set. The Bremer Tully No. 2 circuit is being used.

Next spring Troop 655 is going to organize a Camera Club. This club will take hikes out in the country to take pictures.

Troop 655 has put up several signs around Morgan Park warning the motorists to look out for the children coasting.

Mary Cattell At Trinity M. E. Feb. 6

The fourth number of the Kendall Series of programs will be given by Mary Cattell, at the Trinity Methodist Church, Beverly Hills on the evening of February 5th.

Mary Cattell is a graduate of the Expression Department of Chevy Chase, Washington, D. C.; a graduate of the Leland Powers School, School, Boston. She took the Sturdy Course on Drama at Columbia College; studied with Ida Benfy Judd of New York City; and took post graduate work at Phidelah Rice School, Marta's Vinyard. Mary Cattell's ability as a reader is recognized throughout the East and the Middle West. The New York Herald says of her work: "Mary Cattell combines unusual dramatic ability with a fascinating personality." The late Mrs. Melville, Famous Interpreter and Coach, said, "Mary Cattell is one of the few really satisfactory readers."

Miss Cattelll will present "THE COPPERHEAD,"—by Augustus Thomas, a play of American patriotism, visualizing the spirit of Abraham Lincoln.

She is a young woman of beauty and accomplishment and in her work manifests great sincerity an a thorough unerstanding of her art.

SKI CONTEST AT PALOS SATURDAY

If it snows between now and Saturday afternoon or if snow can be secured from the north, the Palos ski jump will be officially christened by a of Chicago and the Grand Beach Ski ski meet between the Norge ski club club of Grand Beach, Mich.

Admission to the tournament will be free, and there are accomodations for 10,000 persons.

Paved roads lead all the way from the city, and the best way to get to the slide is via Western avenue to 111th street, than west to the forest preserve.

Anton Cermak, president of the County board, will donate a cup for the best exhibition, and suitable prizes have been donated for other feats.

OUR GREATEST ENEMY

Your greatest enemy—the poor man's and rich man's greatest enemy and the greatest enemy of everybody in this country—is not capital, not labor, not the corporations, not the monopolies, not the captains of industry, not organized labor unions, not the labor leader as such. No. Your greatest enemy and the greatest enemy of everybody else in this country is the demagogue—the popularity-hunting, vote-seeking hypocrite who advocates false doctrines or, still worse, half truths, regardless of results.

This country has too many orators, newspapers and professors who, in this or that disguise, persistently and skillfully nourish and foster hatred and cultivate in the hearts of people jealousy and distrust of their fellowmen. This is our greatest danger—the danger that will permit ourselves to be blinded by these pratisans until the country falls into the hands of the demagogues.

We are entitled to lower taxes in this country—don't let the demagogue tell you we can't get it, no matter what party he belongs to. We are entitled to more equitable freight rates so that the men who produce that which we eat can grow and market at a fairer price than they have been getting—don't let any demagogue tell you that this can't be adjusted.

We need and must have immigration laws so strict that our shores will not be used as a dumping ground, for a class of citizens the old world is anxious to get rid of—don't let the demagogue tell you that turning them back may hurt our foreign trade. Resolve to do your own thinking this year; turn a cold shoulder to the demagogue; and when your personal history for 1924 is written you'll find you've passed through one of the very best years of your life.

Southwest Council In 1924 Campaign

(Continued from page 1)

pression." Boy Scout work is a movement on which every creed, nationality, and political party can agree. They say modern machinery has increased the productivity of the individual fifty times. The more power there is in the engine, the tighter must be our grip on the brake. Today we may be said to be speeding up in our mode of living, and there is greater need for those things which stabilize and make for control. Right here is where Scouting comes in with its program of activity coupled with a code of ethics that is building character.

"I find it difficult for men, looking back over their own boyhood, to appreciate the fact that a boy, with the proper leadership and mental attitude, is able to get as much satisfaction out of taking a tin can from a dog's tail as he can out of tying it on. The Scout program is trying to popularize decency."

That Chicago, which has a larger number of Boy Scouts than are under the jurisdiction of any one organization anywhere else in the world, is only "scratching the surface" of possibilities, was the statement of George E. Stephenson, Chicago Scout executive, when he drew comparisons between the number of Scouts in the Southwest district with the number of boys of Scouts age. There are 15,000 boys between 12 and 16 years of age who are eligible to membership and only 1239 belong, in this district. St. Louis, he said, with a million inhabitants, has eight paid Scout leaders, whereas Chicago, with three times the population, has an equal number. Talks were also made by Mr. Bennett and Mr. Mr. Williams.

"We'll put the Southwest district campaign for $15,000 across in less than fifteen days" was the sentiment which closed the meeting. Frank M. Hallenbeck, newly appointed finance chairman for the district, talked briefly of the duty of this section, which has for several years been supported in its Scout work by neighboring districts, toward its boys. He followed a talk made by Walter Kiplinger, regional Scout executive, on a city campaign for $150,000.

Outstanding features of the annual report presented by G. H. Schultz, Southwest district Scout executive, include the increase in number of Scouts registered. The district had 771 Scouts in 1921, 1080 in 1922, and 1239 in 1923. Nine new troops were formed during the year, with a total number in the district now of forty-four.

U. S. "Plants" Food for Fur Animals in Alaska

The United States biological survey has started stocking islands in the vicinity of Wrangel, Alaska, with rabbits in the hope that they will become established well enough to provide a continuous supply of food for carnivorous animals with valuable fur.

Two kinds of rabbits have been placed on the islands, the Snowshoe from the vicinity of Anchorage, Alaska, and the Varying Hare, from the Puget sound region in Washington.

The Life of Modern Business—Advertising!

In this day of terrific competition a merchant cannot keep pace with the development of the business world unless he advertises and advertises RIGHT. He cannot expect his business to increase if he thinks he can operate on the same basis as the old country store. And he cannot expect to materially increase his business by advertising on a "hunch." Proceeding without plan or purpose means incurring unnecessary expense.

The Suburban Star offers to local merchants the services of an organization that understands merchandising advertising, backed by promotional and feature services and a knowledge of the field covered that are invaluable.

Some firms have taken advantage of this service and found it highly successful in developing their business in the district the Suburban Star covers. This service is rendered free of charge to all advertisers. If you are interested in making 1924 your banner year drop a card or call Advertising Dept., Suburban Star, 1921 Monterey Ave., Phone Beverly 0887 or 3741.

QUEER ENGLISH HAT STORE

Stock Has Been Kept on the Second Floor for More Than Hundred Years.

A man who attended the meetings of the international chamber of commerce came back by way of England. He wanted a hat, and a business acquaintance, a man who had lived for years in England, suggested a place to go.

The shop was small and somewhat dingy, but its windows held a hat which appealed. An old man appeared to be the only attendant.

"Wait a moment," said the shopkeeper, "and I'll bring you down a hat like the one in the window."

Bringing down the hat meant a trip up a flight of stairs in the corner of the shop, and while the proprietor was gone the American looked about the place. There were hat boxes on the shelves, but no hats were on display, except in the window.

Presently down came the proprietor with the hat. It seemed to be what the American wanted, but he asked to see some other colors. Back up the steps went the shopkeeper, and down he came with more hats.

The purchase was made, and while the hat was being wrapped the American made some inquiries regarding the business. He learned with astonishment that the hat store had been operated for more than a hundred years; that the present proprietor was the grandson of the founder, and that most of the stock of hats had been kept on the floor above the store ever since the business had been started.—Nation's Business.

Cats in Tenth Century.

The cat was unknown in England till the Ninth or Tenth century, when there was a document stating that a man would be fined 5d for killing a cat and 8d if he killed the king's cat.

The Wednesday evening prayer meeting is the power house of the church. Time 8 p. m.

TRINITY M. E. CHURCH
99th Street and Prospect Avenue

A. G. Stephenson, Pastor

The use of anything always determines its value. The greatest significance of the Christian religion is observed in its every day relations to life. The subject of the pastor's sermon next Sunday morning will be therefore "What are we doing with Jesus?" This morning hour is not only a place where kindred spirits meet, but is so arranged and employed as to be conductive to the best spirit of worship.

The Epworth League at six o'clock is proving to be one of the most attractive hours of the Sabbath day for the young people. The third chapter of the "Youth of America" will be presented at the devotional period and Miss Virgna Holdsworth will have charge.

The popularity of the church night program is increasing each Wednesday evening and for a very good reason. The life of Christ by Dr. McRea is not only illuminating but inspirational. The supper hour from six to seven is also being made a fellowship hour and a get together time. It is greatly urged however that reservations for supper be in as early as possible and not later than Tuesday evening of each week. Mrs. Roy S Spalding, 9925 Prospect Ave. is chairman of the reservation committee.

The annual February luncheon of the Woman's Missionary Society will be held at the home of Mrs. Howard Hoffacker, 9625 Prospect Ave. next Tuesday. A program of high interest has been arranged and Mrs. Pearl Cheshire Warthen will sing. Mrs. George Cambell will play a piano solo. This will be the foreign meeting and a speaker of prominence will give the address.

U. S. FLYERS SET NEW AIR RECORDS

Speed of 266.59 Miles an Hour One Achievement.

The outstanding achievements of the year in the United States were accomplished in the field of aviation, according to a review issued at New York by the Aeronautical Chamber of Commerce of America, summarizing the progress made in flying. Twenty years after mechanical flight became a reality, the bulletin reports, unparalleled results were effected in every department of the combined art, science, sport and business. In particular, a speed record of 266.59 miles an hour was established.

Only one deficiency is noted—failure of congress to pass a federal air law standardizing conditions for flight between states and across the continent. Support is urged for the Winslow bill, providing such legislation. The measure died with the last congress, but has been placed before the present session.

Records of 1923.

Enumerating only a part of the actual accomplishments of the year by American aviators, the organization of aeronautical experts notes these:

Thirty-three world records established.

Construction of the largest rigid airship and the largest airplane in existence.

Development of a night airway, which enabled the air mail to cross the continent in 26 hours.

Perfecting the aerial torpedo.

Development of the aerial smoke screen.

Non-stop flights across the country, from ocean to ocean and from northern to southern boundary.

Operation of planes from aircraft carriers and in long cruises with the navy.

Putting aircraft to work not only for mails and passenger service, but for forest patrol, crop survey, destruction of the gypsy moth and boll weevil, map making and photography.

Thirty-Three World Records.

Of the 33 world records made 22 are credited to the Naval Bureau of Aeronautics and 11 to the army air service, the significant feature being that every record made was by one or other branch of the government service. Three of the navy records were made in land planes—all by Lieut. A. J. Williams, U. S. N. In addition Lieut. David Rittenhouse, U. S. N., on September 28, at Cowes, England, won the world competition and set a speed record for sea planes with 177.38 miles an hour.

Every record made was with a plane and an engine American in design and manufacture. The ZR-1, christened the Shenandoah, set a new era in construction and has proved remarkably successful in operation. Superiority of the air service over sea power was demonstrated on September 5, when a plane 6,000 feet in the air bombed two battleships, the Virginia and the New Jersey. The New Jersey went down seven minutes and a half after the last bomb was released.

Some Notable Flights.

Both services flew several times across the continent, navy and Marine corps flyers covering the distance from Hartl to the Pacific. On May 2-3 Lieutenants Kelly and Macready made a non-stop flight from New York to San Diego, covering the 2,700 miles in 26 hours and 50 minutes. On October 25 Lieutenants Smith and Richter made a non-stop flight from Sumas, on the Washington-Canada border, to Tia Juana, on the California-Mexico line, a distance of 1,280 miles, in 12 hours 13 minutes and 40 seconds. They were refueled twice in flight.

Commercial aviation, as represented by small operators flying war-surplus airplanes, barely held its own. About 2,000,000 miles were flown in 1,500 machines, in the hands of 600 pilots. Regular services were operated in season between Cleveland and Detroit, Key West and Havana, New York and Newport, and New York and the White mountains.

What the Air Mail Did.

Commercial aviation, as represented in federal departments, made distinct progress. Foremost was the air mail. The year saw the illumination of the first night airway—881 miles, between Chicago and Cheyenne. On August 21 to 24, inclusive, night flying tests in transcontinental mail were held. The record of elapsed time from coast to coast was 29 hours and 38 minutes west bound and 26 hours and 14 minutes east bound.

The year brought also a great increase in popular interest in aviation. In a dozen flying meets more than 1,000,000 spectators looked on. Pilots flew distances aggregating 300,000 miles in the St. Louis meet alone, without a single serious injury. More actual flying took place at that one event, experts asserted, than all through the world ten years ago.

Sensitive Scale.

The "grand balance" or scale used in the Bank of England is so sensitive that the weight of a postage stamp moves the index six inches.

DESCRIBES 30 YEARS OF FARM WORK IN ALASKA

Experiments With Plants and Animals Show Agricultural Possibilities of Territory.

Growing interest in Alaska as long ago as 1897 led congress to make an appropriation for experimental work in agriculture in that territory. An account of this work since then and up to the present date is included in a report just issued by the director of the states relations service of the United States Department of Agriculture at Washington covering the past 30 years.

A station was established, says the report, at Sitka and subsidiary stations have since been maintained at Kenai (transferred to Kodiak in 1908), Copper Center (transferred to Fairbanks in 1908), Rampart, Fairbanks, Matanuska, and on Kodiak island. C. C. Georgeson has been in immediate charge of all the Alaska work since the beginning, and Walter H. Evans, who joined the Washington force of the office of experiment stations in 1892, has represented this office in general supervision of this enterprise.

Through extensive travel of station officers, reports by settlers on their use of seeds distributed by the stations and on their other agricultural operations, and a large amount of experimental work with plants and animals, great progress has been made in determining the agricultural possibilities of this vast territory. Much has also been done in selecting and breeding varieties of plants adapted to the soil and climate conditions in different parts of Alaska. Experiments with animals have also shown much regarding their breeding, care, and management as related to Alaskan conditions. It has been demonstrated that wheat, oats, barley, potatoes, and many kinds of vegetables of good quality can be grown in different parts of the territory. Numerous gardens in many places now regularly furnish settlers goodly contributions to their food supply and a considerable number of farmers and horticulturists are carrying on larger agricultural operations. A basis has thus been laid by the station work for considerable agriculture in Alaska when the growth of mining, lumbering, and other industries encourages a sufficiently large influx of farming people.

HEIGHTS METHODISTS DEDICATE NEW CHURCH

The dedication of the Washington Heights Methodist Episcopal Church, 104th Place and S. Racine Ave., was held Sunday, Jan. 27, with a special sermon in the morning by Bishop Thomas Nicholson, bishop of the district, and in the afternoon a sermon by the Rev. E. J. Shutz, district Superintendent.

The New Edifice including the lot cost $23,000 and provides a church home for the congregation who have been meeting in Valentine Hall.

Jap Naval Loss in Quake Heavy

New York.—According to the China Weekly Review, Japan's naval losses by the recent earthquake, though not officially published, are known to have been extremely heavy, says the Living Age.

Besides the principal naval base at Yososuka, "two of the largest battleships, the Mikayshima and the Tokushima, have been destroyed; likewise the Mitsu, which was the subject of much argument at the Washington conference."

In addition, what are described as "enormous subterranean oil, storage tanks" at the Yokosuka yards, where the naval authorities have been accumulating fuel oil for seven years, were wrecked, entailing a loss of some 50,000,000 barrels.

Pupils With Bad Hearts Big Problem for Gotham

Washington.—Elimination of the special classes for children with weak hearts in New York city public schools is recommended by a committee of the Association for the Prevention and Relief of Heart Disease, which recently completed an investigation begun seven years ago at the request of the superintendent of schools. The committee believes that, although segregation in small groups is an ideal method of caring for tubercular, crippled and mentally defective children, it is not only expensive but unnecessary for nine-tenths of the children with heart defects. The report recommends that the money now spent on these classes be used to provide a more intensive system of diagnosis, reporting, and follow-up of heart disease cases by doctors and nurses. In presenting this report to the board of education, William L. Ettinger, superintendent of schools, reminded the board that if these special classes are discontinued the children must be distributed among the other classes throughout the schools, necessitating increased registers and additional teachers, so that only a part of the present cost will be saved.

The Prize Mask Ball given by the Fire Dept. of Mount Greenwood Jan. 26, proved to be one grand success. The music and prizes were good, the attendance was large and the costumes numbered in the hundreds—among which were some Frenchy's League of Masqueraders of Chicago and vicinity, who after the ball had a very delightful time at the home of Mr. and Mrs. Joe Abrams. Mr. Miller and his committee are to be congratulated on the good time shown all those in attendance.

Mr. Lindquist of Utica Avenue and 108th street was hurt at the Chicago Bridge & Iron Works Monday.

Charles Oliver of Troy Avenue and 110 th street was in the Tribune's skating contest Sunday.

George Heiss of Spaulding Avenue and 112th street sprained an ankle Thursday while at work.

A fake insurance agent is going the rounds in the Village, offering to give $1000 policy on home and contents for $5.00.

The infant daughter of Mrs. Hempensius died Sunday following birth.

The little son of Sam Sie of Utica Avenue was taken to the St. Francis Hospital Monday, seriously ill.

The Village Trustees, at a special meeting held Tuesday night, voted to accept the $25,000 bond for the treasurership offered by Arthur L. Anderson.

The Village Board in session Tuesday night passed several ordinance among them being an anti-liquor ordinance and an anti-fire insurance ordinance whereby non-registered insurance companies pay a premium of 2% to the Village treasurer.

The Fire committee will meet the Fire Department tonight, Jan. 31st, to talk over means of providing a bell alarm system.

FATHER AND SON BANQUET, FEB. 14

Blue Island is going to have a community Father and Son banquet at the Congregational Church on Thursday, Feb. 14. From Feb. 11 to Feb. 18th is Father and Son week in the United States and Blue Island ought to participate.

Fine speakers have been engaged such as Col. Abels, principal of Morgan Park Military Academy, who surely does know boys, and Dr. R. S. Gammon who knows both dads and boys. Tickets are out now and the boys and their dads will have one fine time that night.

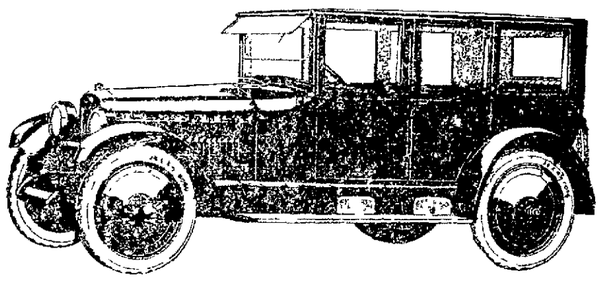
NASH



Here is a Notable Four Sedan

As you proceed to compare and contrast the season's offering of four-cylinder enclosed models the conviction steadily deepens that Nash, with customary progressiveness, has produced a car well away and apart from the usual.

Nor is this distinction confined to the body of the Four Sedan, although that in itself is of pronounced importance since it is the design of a group of artisans whose work for generations has been singled out for its originality and beauty.

You will find Nash has expended exceptional effort in dressing the interior with expensive tastefulness and providing the Sedan with equipment that contributes very directly to your convenience and comfort.

And, finally, in the quality of its performance, in the supple smoothness, the brisk liveliness, the sustained regularity and quietness of its power-flow, there is the clinching evidence as to its greater value.

Bandits Give Youth Carfare Back Home

Kidnapped by two bandits while sitting in his father's car, forced to drive them to 57th and LaSalle Sts., where they held him up and when he succeeded in convincing them that he had no money, to be put out of the car and given 25c for car fare home—all this was the experience of Richard Valentine, 1451 W. 103rd St., on Wednesday night of last week.

Young Valentine, who is 17 years old and a student at Tilden Tech was attending the graduation exercises at Englewood high school, 62nd and Stewart Ave. At the close of the program he was sitting in their car waiting for his grandfather, who had accompanied him when two men stepped into the car and at the point of a revolver ordered him to drive away. At 57th and La Salle Sts., the men stopped the car and ordered him to hand over his money. He convinced them that he had none when they put him out of the machine and gave him a quarter "for car fare home."

Valentine reported the incident to the Englewood police and within an hour the men were taken into custody by police of the Wabash Ave. district. They gave the names John Brick, 28, 5609 Shields Ave., and Edward Lynch, 18, 6316 Aberdeen St. Valentine identified them and they were booked on the charge of robbery.

Ladies Bible Class Entertain at Banquet

As a result of an attendance contest between the Dorcas Class and Frank Nay Bible Class of the Sunday School of the Methodist Church, the ladies entertained the men Tuesday evening. One hundred and twenty-eight members of the two classes sat down to a delightful banquet, which was served by young ladies, after which a most enjoyable program was given by Mrs. Hubbard, reader; Norval Diamond, saxophone accompanied by Donald Strauk; Piano duets by the Misses Diamond and Baker, and vocational duets by Mr. and Mrs. Bason. Mrs. Morrison spoke for the Dorcas Class, her speech, being in the form of very clever rhyme, which was heartily applauded. Mr. Bailey also read an original poem in behalf of the men's class, which brought forth loud applause.

The meeting was presided over by Mrs. Strauk, president of the Dorcas Class, to whom great credit is due for one of the most delightful evenings ever held in the church.

U. S. HUNTER BARES PLOT TO GET BOUNTY ON WOLF

Worker Exposes Attempt to Defraud Government—Elusive Animal Eats Poisoned Bait.

Government predatory-animal hunters must not only know how to trap and poison stock-killing wild animals, but also must be on the alert to detect human attempts to obtain rewards fraudulently by exploiting the hunters, according to common experience among these men. As an instance, last August Hunter C. E. Gilham was detailed by the biological survey of the United States Department of Agriculture to the Aguila district of Arizona, with instructions to destroy a notorious wolf that had been running on that range for the past nine years Bounties of from $50 to $500 had been offered for it by stockmen, but without success. Last winter this wolf had killed 40 sheep in one night, in addition to the hundreds of calves and yearlings it had attacked previously. Although shot at many times, it had always escaped, and also it managed to avoid all traps and poison baits.

It was agreed that Gilham would undertake to get the wolf on condition that all bounty offers be withdrawn. After trailing the old thief for about five weeks, the hunter found a yearling heifer killed by it within a mile and a half of Aguila. He dragged it behind his automobile for a mile, and put out poisoned baits made of its flesh. The day after he put out these baits, he found the carcass of a big coyote that usually followed behind the wolf in its cattle-killing expeditions, but no trace of the wolf.

Later on a man who lives in the district brought in the skin of the famous wolf. He claimed he had shot the animal and tried to collect bounty. On examination it was found not only that the wolf had been shot after it had been dead for some time, but that the stomach contained four poisoned baits. The bounty seeker, thus exposed in his dishonesty, gave up the skin without further trouble.

Daniel Webster's Wisdom.

It is only shallow minded pretenders who either make distinguished origin a matter of personal merit or obscure origin a matter of personal reproach. Taunt and scoffing at the humble condition of early life affect nobody but those who are foolish enough to indulge in them. A man who is not ashamed of himself need not be ashamed of his early condition.—Daniel Webster.

A TRAIN EPISODE

By MOLLIE MATHER

(©, 1923, Western Newspaper Union)

BOB was determined that the girl across from him in the train should not depart on her way without an effort, upon his part, to meet and know her.

His sister Letty—and who, if not a sister, is able to judge a man?—said that Bob was just the best and most unselfish person one could imagine.

Letty told her husband, despairingly, that Bob hadn't an ounce of romance in his honest being—wherein Letty was wrong. She could not know of his secret dreams—dreams still left from his first youth. And so now here, in a tiresome train, was visualized at last the object of his dreaming. Perhaps Miss Connie Carson had brought these dreams to life, in the inadvertence of her smile. Taking her seat opposite she had winsomely smiled at the strange, big man regarding her. That the smile had been promptly taken back left no remedy for its damaging impression. The supposedly unromantic Bob sat blinking, thinking. "Beg pardon," said the young woman. "For the moment I mistook you for a friend of my brother's—something about your shoulders and your glasses, maybe—beg pardon."

The young woman opened a magazine and absorbedly read. Miles slipped by—she might be going to get off almost anywhere, and pass out of his life—strangely desolate thought.

"May I," asked Bob politely, "open the window for you? These car windows are difficult."

The young woman looked up, saw Bob's embarrassment, recognized with a skill born of former encounters the eagerness of his gaze.

"Couldn't you think of something original?" saucily asked Miss Connie Carson, opening the window. "No, thank you; it's all right."

She returned to her magazine. Feeling quite as foolish as he now looked, Bob returned to his opposite seat. So, she thought him an ordinary flirt. He grinned. As such she could not have squelched him more completely. One hates ridicule.

The miles slipped by—she might be getting off anywhere—he had to know her. Every moment her charm grew upon him; he was possessed of a new strange fancy that they understood each other; that she was aware of his admiration; knew it to be not of a light sort; was making it hard for him.

He approached the opposite seat frankly. His dark eyes troubled. "Please," begged Bob, and then smiled at his unusual request. "Allow me to talk to you for a few moments. I know it would be something to remember the rest of my life. I know I'm talking like an idiot, but I can't seem to help it. I just cannot let you go out of my life like this—"

The young woman calmly regarded him. "I haven't come into it yet," she remarked.

The train came to a sudden stop. Passengers went out to the platforms to ascertain the cause of delay. It would be necessary to await the coming of a new engine; the conductor explained the one in use had become slightly disabled. The passengers sat in their seats as patiently as they might. Strangers heretofore found friendly discussion concerning the disabled engine and various personal affairs. But the one woman in the world refused to make acquaintance with her unknown admirer.

"In an hour or so," she told Bob coldly, "we shall be separated and unremembering. I do not like," added Miss Connie Carson primly, "a stranger who attempts to attract my notice—by any means," she further added severely.

Crestfallen, Bob took a deserted seat just before. He did not wish to remain where a lovely vision was ever more firmly impressing itself upon his consciousness, to his future unrest. He closed his eyes, drew down his hat brim; beneath the brim he still seemed to see blue glancing eyes. He knew she was there behind, from the rustling of the magazine pages as she turned them. The car gave a sudden jolt—lurched violently on its way. Bob felt an obscuring blow—not a painful one. Confusedly he groped at the soft thing enveloping his head; found other smaller hands endeavoring to assist him. Then, oh; unbelievable! His dream woman stood before him, a heavy cloak in her arms.

"It fell from the rack," she said. She appeared less dependent; more like a frightened child. Nevertheless, Bob spoke coldly.

"I dislike," he said, "a stranger to attempt to attract my attention—by any means."

They were laughing. "They tell me," Miss Connie Carson voiced her fear, "that we are using the disabled engine, temporarily repaired. Don't you think that dangerous?"

Bob looked grave, but his dark eyes twinkled. And beneath the twinkle the young woman read earnestness.

"I have a sister," Bob said, "who considers me a true protector. Would you accept the assurance of my near presence during the rest of our trip?"

Miss Carson folded away her magazine. It was Letty, awaiting anxiously the arrival of the delayed train, who suggested that they drive Miss Carson to her home in the city in their car. And no one was more happy than Letty when her brother's long dream came true.

Incidentally, Connie, as Bob's wife is happy, too.

Quite So.

'Tis fine to be a thorough-going egotist, then people can seldom hurt your feelings.

OBITUARY

George S. Bradley

George S. Bradley passed away January 24, in his 87th year, at the home of his daughter, Mrs. W. E. Haines,, 2120 W. 107th Place. He had been ill more than two years. His death occurred only a short time after the Haines family returned from Berkley, Cal., where they had attended the funeral of Mrs. Haines' brother, J. Kappel. Mr. Bradley is survived by three daughters, Mrs. W. E. Haines and Mrs. H. C. Laycock both of this community and Miss Marietta Kappel of Berkeley, Cal.

Deceased was a member of Sherman Chapter O. E. S., Morgan Park Lodge A. F. & A. M., No. 999, and Camp 8, V. C. V.

Funeral services were held from the home Saturday, Jan. 26, at 2:30 p. m. Interment in Mt. Hope.

Paul A. Florence

Paul A. Florence, for fifteen years a resident of Washington Heights and one of its well known citizens, died at his home, 10200 S. Hoyne Ave., Sunday morning, Jan. 27. Death was caused by cancer, with which disease he had been afflicted for more than a year.

Mr. Florence was 55 years old and had retired from business. He is survived by his wife, Minnie Florence, nee Zilligin, and by the following children: Mary, Anna, Mrs. R. J. Welsh of Atlanta, Ga., Crystal, Paul, Joseph, Lucille, Frances, Elenore, Claretta, Bernard and Rita. Funeral services were held Wednesday from his late residence to St. Margaret's church where solemn high requiem mass was celebrated at 10 a. m. Interment was in Holy Sepulchre cemetery.

William C. Hackbert

William C. Hackbert, 10882 Prospect Ave., died very suddenly at 3 p. m., Thursday, Jan. 24, of heart trouble.

Deceased was 50 years old and had been employed in the building department of Hibbard, Spencer & Bartlett for more than twenty-six years. He was a man of very fine character and his death is mourned by all who knew him. The family moved here from Mt Ridge, West Pullman, about five years ago.

He is survived by his wife Alice Hackbert, one daughter, Edna A. Hackbert, and a sister, Mrs. Heber S. Dunn of West Pullman. Funeral services were held from the late residence Monday, Jan. 28, at 1:30 p. m., to St. Peter Evan. Lutheran church, 74th St. and Michigan Ave. Interment in Oakwoods cemetery.

Jermiah Joseph Walsh

Jeremiah Joseph Walsh, seven year old son of Mr. and Mrs. D. J. Walsh, 11155 S. Fairfield Ave., died last Saturday morning at 6:30 from he effects of convulsions with which he was attacked the Wednesday before.

Funeral services were held Tuesday, January 29, at 2 p. m., from the home, burial at Mt. Hope. The Walsh family has lived in Morgan Park for five years.

Arlington School Grads Have Farewell Party

The Arlington School graduating class held a farewell party at the home of Arthur Woods, 10970 Prospect Ave., last Friday evening.

A very enjoyable evening was spent, about forty-scholars being present and three teachers, Mrs. Sullivan, Miss Gross and Mrs. Weber. The reading of the class "Prophesy," written by Arthur Woods, Catherine Gantt, Agnes Lundberg, and Jack Bleevly, created some good laughs. They also gave out some mimic diploma's and everyone exchanged presents. Thirty-four of the graduates are now "Freshies" at Morgan Park High School.

were that you are in good standing, and regular n attendance at your own Post. Frank Kees himself is full of pep and a big booster for the American Legion.

Tom Taylor then gave a forceful talk. He said to let "Antis" know that you have a pair of square shoulders with a good head on them. Don't be ashamed that you belong to the American Legion, talk it up to the other fellow, and let your "buddies" that need help know that you are going to help them, let them know that you stand for the Bonus.

The next meeting will be held at Chicago Heights.

Chef Johnny McKnight of the Beverly Hills Post and his "wrecking crew" served the boys with hot coffee, doughnuts and apples before sending them home, feeling that they had spent a good evening with Beverly Hills Post.

50 YEARS AGO

The following item printed in the "50 Years Ago" column of the Chicago Tribune may interest some of the old timers who can remember back that far. The bridge referred to was the Indiana avenue bridge, rebuilt several times since pioneer days, the present steel bridge costing $250,000.

"HYDE PARK—The village insists that it has a right to protect the bridge it has erected over the Calumet river near Dolton station from heavy loads. The villagers of the towns to the south are up in arms because some of their cartiers have been arrested and haled to the Hyde Park police station for carrying too heavy load across the span."

A Heroic Man.

A West Virginia street car conductor had his wife arrested for refusing to pay her fare. If that doesn't make a hit with the company he may as well resign—he's gone about as far as he can.

Water's Explosive Power.

By actual experiments it has been ascertained that the explosive power of a sphere of water only one inch in diameter is sufficient to burst a brass vessel having a resisting power of 27,000 pounds.

No More Fooling

Nowhere did Abraham Lincoln show his shrewdness of judgment to better effect than in that famous utterance which ended,

"You Can't Fool All the People All the Time"

In the past there were a few misguided advertisers who thought they could sell their wares better by misrepresentation. But those advertisers have long since gone out of business or mended their ways. Hard experience taught that Lincoln was right. Untruthful advertising doesn't pay.

Other advertisers proved that the only way to advertise successfully, make regular customers and build up public good-will was to tell the absolute truth about their goods.

So, you can be sure that every consistently advertised product is good. The advertising test has proved it. The very fact that it is advertised is your best warranty of satisfaction and true quality.

The concern that tells you frankly what it is doing is a good concern with which to do business. That is why it pays to read the advertisements, to patronize advertisers, and to buy advertised merchandise.

CLOSE POLICE COURT MONDAY AT ENGLEWOOD

Fire Inspection Shows Building Unsafe; Hear Cases at Stock Yards Branch

"Courtroom closed for repairs."

A sign bearing these words met the eyes of Judge Peter H. Schwaba, lawyers, defendants and complainants in cases scheduled for Monday morning, when they reported at the Englewood court.

The courtroom, together with the third floor of the building which is used as a sleeping quarters for police on reserve duty, was closed on an order sent out Saturday afternoon signed by Frank E. Doherty, building commissioner, and approved by Chief of Police Morgan A. Collins. The order stated that these two floors were to be kept closed until a new stairway was put in and the building equipped with fire escapes. The action in closing the court room followed investigations by John C. McDonnell, chief of the fire prevention bureau, in the measures being taken to curb fire hazards.

Only a narrow wooden stairway at the front of the building gives entrance to the courtroom which is located at the rear of the second floor. There is no other exit except this stairway and when the court room is filled with several hundred persons as it often is when there is a large call on the judge's sheets, the danger in case of fire is great.

Although the closing of the courtroom was ordered Saturday Judge Schwaba received no notice of it and appeared there Monday. He was told by Captain Michael Lee that all new cases from the Englewood station had been sent to the Stockyard's branch and he ordered that all continued cases be transferred to the same branch, stating that he would hear them the following day.

Just what action will be taken by the city is a question. Capt. Lee said that last October inspectors from the fire department had investigated the building and found it unsafe. At that time they gave the city ten days to make the necessary changes to have the building comply with the fire ordinances. However, this order never went into effect.

Capt. Lee is of the opinion that no changes will be made, but that the upper floors will be kept closed until a new building is constructed.

"The projected construction of a new building makes it a problem to decide where to make the changes," said Capt Lee. "The fire station and the drive used by the patrols and the flivver squads prevents the installation of escapes on either side of the court room and it will be impossible to put them on the front of the building unless it is remodeled. If they were put on, the back the court room would have to be remodeled to make them accessible."

The closing of the court room, according to Judge Schwaba's bailiff, Louis London, failed to meet with the approval of Chief Justice Harry Olson as the opinion is that the Englewood branch is much better lighted and ventilated than the Stockyards branch.

Judge Schwaba's criticism of the crowded conditions in the Stock Yards branch when over 250 cases were arraigned before him Monday brought about the opening of another branch to replace Englewood. The new branch will be located at the Grand Crossing station, 834 E. 75th st. Police of that station began moving the court fixtures Tuesday morning and expect to open the new court Thursday morning.

FOUR OBJECTIVES FOR LEGION MEN

The American Legion must fight for hospitalization of the 15,000 ex-service men who are in need of it, for rehabilitation and vocational training, for adjusted compensation, and for an ex-service department. Those were the four points stressed by State Senior Vice-commander Howard E. Savage, who is also president of the Cook County Legion association, before the fourth district meeting held last Friday evening in the Ridge Park field house. Mr. Savage said that 11,000 cases had been handled during 1923 by the Cook County Service department. Of this number, 75 percent were not members of the Legion, he said.

Twelve members of Stanley F. Sullivan post were in attendance at the meeting. It was announced at the meeting that Sullivan post is one of the leaders in the state membership drive, which ends January 31. A cup is to be awarded by General Foreman.

On Friday, February 29, the post will give a leap year party at Marzano's Palace of Pleasure, 3321 W. 63rd st., consisting of dancing and bunco. Music will be furnished by Urban's orchestra. The committee is headed by George Briody and Ed. Macauley is secretary.

SOUTH SIDE LEADS MEN'S BIBLE CLASS ATTENDANCE CONTEST

DREXEL PARK PRESBYTERIAN AND THOBURN GROUPS GAIN, OPEN DRIVE SUNDAY

Upholding the south side's record as first in the men's Bible class membership contest, the Drexel Park Presbyterian, and the Thoburn M. E. groups top the list of entrants in the campaign this week. The north and west sides are farther down the list.

At Thoburn next Sunday morning at 10 o'clock John Bain, South Park commissioner, will be teacher of the class. West Englewood Masons, representing various community lodges, will be present and the men say they will have an attendance of 500.

The West Englewood Masonic quartet, comprised of William Doll, Raymond Glover, C. R. Crawford, and William C. Groebe, who is president of the Thoburn class, will furnish special musical numbers.

Jumping from its mark of seventy-three the previous Sunday, the Drexel Park church claimed 115 members in its Bible class January 27. Thoburn had fifty-seven attendants previously, but the number grew to ninety Sunday.

The real start of the contest will be next Sunday morning at 9:45 o'clock. The grand championship prize will be a large silver loving cup to go to the class bringing in the greatest number of new names during the nine weeks' contest. It will be awarded in a loop theater either on Easter Sunday or the Sunday following that day, and all contesting classes are to be present. There will also be nine trophy awards of merit, silk pennants bearing the International Bible class emblems. These will go to the nine group winners from the three sides of town. In each of the three sections there are three classes, "A" with memberships over fifty, "B," with memberships between thirty-five and fifty, and "C," with memberships less than thirty. The membership records are taken for the average attendance during November and December, 1923. Weekly report cards are to be furnished the various competing Bible classes this week. These will be filled out by the class secretary and mailed after each Sunday to the Chicago Sunday School association, 5 S. Wabash ave.

ARTHUR R. LOWE IS SOUTHWEST DISTRICT SCOUT COUNCIL HEAD

LARGEST MEETING IN INTERESTS OF SCOUTING EVER HELD PRESAGES BANNER YEAR

"The Boy Scout movement is the greatest thing that ever happened to boydom," said J. P. Freeman, assistant national field scout executive of the movement at the meeting held Monday evening at the College Cafe, for the purpose of forming a Southwest District council for the new year.

With about seventy-five present, said to be the largest number of adults ever assembled in the district in the interests of scouting, the evening promised much for the work during the coming year. Arthur R. Lowe, 7125 Harvard ave., was elected new president of the council.

"Formation is better than reformation and expression better than repression," said Mr. Freeman. "Boy Scout work is a movement on which every creed, nationality, and political party can agree. They say modern machinery has increased the productivity of the individual fifty times. The more power there is in the engine, the tighter must be our grip on the brake. Today we may be said to be speeding up in our mode of living, and there is greater need for those things which stabilize and make for control. Right here is where Scouting comes in with its program of activity coupled with a code of ethics that is building character.

"I find it difficult for men, looking back over their own boyhood, to appreciate the fact that a boy, with the proper leadership and mental attitude, is able to get as much satisfaction out of taking a tin can from a dog's tail as he can out of tying it on. The Scout program is trying to popularize decency."

"We'll put the Southwest district campaign for $15,000 across in less than fifteen days" was the sentiment which closed the meeting. Frank M. Hallenbeck, newly appointed finance chairman for the district, talked briefly of the duty of this section, which has for several years been supported in its Scout work by neighboring districts, toward its boys. He followed a talk made by Walter Kiplinger, regional Scout executive, on a city campaign for $150,000.

Walter W. Morris, retiring president, presided until he turned the gavel over to Mr. Lowe. The report of the nominating committee, made by D. S. Wentworth, was unanimously adopted. T. L. Young was appointed chairman of organization and extension; Henry Kellog of leadership training; William McDonnell, chairman of publicity; Reid M. Bennett, court of honor chairman; and Wendell Williams, camping chairman.

That Chicago, which has a larger number of Boy Scouts than are under the jurisdiction of any one organization anywhere else in the world, is only "scratching the surface" of possibilities, was the statement of George E. Stephenson, Chicago Scout executive, when he drew comparisons between the number of Scouts in the Southwest district with the number of boys of Scout age. St. Louis, he said, with a million inhabitants, has eight paid Scout leaders, whereas Chicago, with three times the population, has an equal number. Talks were also made by Mr. Bennett, Mr. Williams, and Otto Reich, past president of the council.

Outstanding features of the annual report presented by G. H. Schultz, Southwest district Scout executive, include the increase in number of Scouts registered. The district had 774 Scouts in 1921, 1080 in 1922, and 1239 in 1923. Nine new troops were formed during the year, with a total number in the district now of forty-four.

MUCH INTEREST IN SOUTH PARK APPOINTMENT

Numerous Reports On Candidates to Fill Place of Judge Payne

Residents and business people of Southtown are manifesting considerable interest in the appointment of a South Parks commissioner to fill the vacancy caused by the expiration next month of the term of Judge John Barton Payne, president of that body. The appointment will probably, it is said, be made at the meeting of the circuit court judges on February 22, although they may defer action until a later meeting.

Predictions made at the city hall as to successors to Judge Payne's place are numerous, since eleven Republican and nine Democratic circuit court judges will make the choice.

It is understood that four of the twenty are heartily in favor of Albert J. Mohr, former South Parks commissioner, at the expiration of whose term last year Bernard E. Sunny was appointed. Michael Igoe's name has also come up for consideration. According to a statement made by Judge Ira Ryner Friday, Igoe's appointment is unlikely since he is expected to be a candidate for state's attorney. He is now a representative in the state legislature from the fifth district. Carl P. Morgan, editor of the Calumet Index, and George W. Fleming, president of the Oakland Business Men's association, and past president of the Hyde Park Business Men's association, are also said to have been mentioned.

Restoration of the Columbian Fine Arts building in Jackson park will be a factor in the choice Judge Ryner makes for the appointment, he declared.

"Aesthetic beauty on the south side deserves consideration as well as economic and educational conditions there," he maintained. "I want someone to have the place who will save the beautiful old Fine Arts structure."

Circuit court judges favoring Mr. Mohr's appointment are said to include Judges Mary Bartelme, David F. Matchett, Kickham Scanlan, and George Kersten.

In explaining the favorable attitude of the four judges and the business men's groups and improvement associations that endorsed him last year, a member of the board pointed out Friday that Mr. Mohr has at all times favored the establishment of more parks and more civic recreation centers.

He served for ten years on the South Parks board during which he acted as president and for several years was auditor, completing his term of office in March, 1923.

Judge Payne's absence on official business in Washington is attributed as one of the reasons why his reappointment is not desired by many persons interested in the coming selection of the South Parks commissioner. He is a national, and international figure and has had many appointments to high offices. In 1917 he was director of railroads and chairman of the shipping board. Later he was secretary of the Interior under Wilson. Now he heads the entire Red Cross organization. During his residence in Washington, he was unable to be present at several important conferences of the board. It was then necessary for a board member to seek him in the national capitol for conference on the commission's activities.

Balancing these inconveniences, it has been commented upon that Judge Payne has been unselfish in his financial connection with the board. As president, he was eligible for ten of his fifteen years' of service, to an annual salary of $6,000, which he yearly turned back to the board fund for improvement usage. He is doing the same with his generous salary as Red Cross head.

TELEGRAM FOUNDER AGAIN WITH PAPER

Joseph C. Sharp, founder and first publisher of the Merchants Telegram, has returned to Chicago to take up his residence and work here again after an extended stay in the west.

Mr. Sharp has accepted a connection with the Foster & McDonnell publications as advertising solicitor, specializing on commercial classified advertising and working the entire district of the three publications.

His connection in no way alters the position of A. R. Millner who will continue as heretofore in the active management of the advertising department of the Merchants Telegram.

HOLD ANDERSON FOR MURDER OF HOLMES

Halding Anderson, 6331 Ingleside ave., who confessed to the fatal shooting of Harry Holmes, 28 years old, 1841 W. 59th st., after a drunken brawl, was held to the grand jury on charges of murder by the coroner's jury, headed by Deputy Coroner John J. Dedrick, at the inquest held Wednesday afternoon of last week at St. Bernard's hospital.

The coroner's jury also recommended that Nick Lidzius, formerly the owner of a saloon at the 59th st. address, and Kenneth Green, a roomer in the Lidzius home, who are alleged to have furnished liquor to both the men, be held on charges of accessories before the murder.

MISS SIEDLER ROBBED OF $40 AND PURSE

Miss Bertha Siedler, 6035 Talman ave., was held up and robbed of her purse containing $40 by a lone bandit who accosted her Monday evening on Talman ave., less than a block from her home. The robbery was reported to the Englewood police.

Veteran Teacher Retires

As a teacher of many of Englewood's girls and boys now successful as students in high school and college, as well as in professional life, Mrs. Lillian Hand, 445 W. 70th st., teacher of eighth grade at the Altgeld school, 1340 W. 71st st., for twenty-two years, was the recipient of innumerable proofs of friendship and expressions of regret on her retirement from active teaching work last Friday, January 25. Mrs. Hand had been a teacher for thirty years altogether.

Showing genuine appreciation for her interest in the community as well as the classroom, parents joined with

children and teachers last Thursday afternoon, when the Altgeld school Parent-Teacher association gave a farewell party for Mrs. Hand. Gifts of a purse from the students and a silk umbrella from the P. T. A. were given her.

A bouquet of roses from some of her eighth grade boys, now students at Parker and Tilden high schools, Mrs. Hand declared to be one of the most gratifying incidents of her leave-taking.

She said goodby to the teachers at a luncheon which they gave in her honor at the school Wednesday of this week.

Teaching has always been a joy, Mrs. Hand said, but she is looking forward to a rest and to the leisure time which will allow her to indulge in her favorite study of literature. Within a month or two Mrs. Hand

ENGLEWOOD-ON-HILL ASSOCIATION HOLDS LIVE BOOSTER MEET

INCREASE MEMBERSHIP TWENTY PER CENT, COLLECT ALL DUES IN THREE HOUR DRIVE

With a membership increase of 20 per cent, coupled with a lively spirit of "boost yourself and you boost your community" as an incentive to greater future activity, the Englewood-on-the-Hill Business Men's association celebrated its installation of officers at an informal dinner Wednesday evening, January 23.

J. E. Monahan, retiring president, urged the members to continue and increase the support of their organization in carrying out its program for future improvements in Englewood-on-the-Hill. One of the projects to be pushed through in the near future is the extension of the lighting system on 69th st. between Justine and Loomis sts.

The following committee has been appointed to go ahead with the plans: Harry Kahn, John T. Hall, Thomas Crane, Jacob Wolper, John Anderes, Edward Haley and J. E. Monahan.

For his loyal and enthusiastic work during his two years as president of the association, Mr. Monahan was presented with a gold pencil and a fountain pen as tokens of appreciation from his brother members.

Typical of the "push" and vigor of the organization was the report by the membership committee of its three-hour drive Saturday, January 19, which resulted in the addition of eleven new members and the collection of all dues, up to May 1, from former members. In putting the new lighting system on a sound business foundation, the association has adopted methods differing from other business men's organizations in figuring the original cost so as to provide for the maintenance of the system for fourteen months in advance. Funds are now being collected for another twelve months, at an average cost of $1.33 per month for each twenty-five feet of frontage.

The need for everyone to know all the people in his neighborhood was brought out by Thomas Crane, with special emphasis on the "all." Mr. Crane said it was his belief that the better acquainted one becomes with the good people of his community the better for himself, and if there are undesirable residents in the neighborhood, the better one knows them the better for everyone concerned.

A new bank, to serve the immediate locality of Ashland ave. and 69th st., was declared by John Monahan to be one of the needs of the near future.

"I feel that either a new bank, or a branch of one of the banks in the vicinity, would be a good, paying proposition here at this corner," Mr. Monahan said, "furthermore, more vision is needed in providing for entertainment around the corner. Although there is no complaint to make regarding the kind of pictures offered at the one theater in the vicinity, Englewood-on-the-Hill should have a larger theater to keep pace with the many improvements already under way."

Besides the committee on lighting, other committees appointed were: Entertainment, Dr. J. A. Keyes, Frank Brooks, A. K. Withington, John Hall and J. E. Monahan; street repairs, Jacob Voigtlander and John Negosinske; police, J. E. Monahan and John T. Hall; street sprinkling, S. Schwellenbach and Charles Armin; membership, J. E. Monahan, John Anderes, John T. Hall and Charles Porter.

THREE DEAD, TWO MAY DIE, RESULT OF GAS LEAK

Police, at Neighbors' Call, Find Entire Krugger Family Overcome

Gas, believed to have escaped from a broken street main, killed three members of the Krugger family in their home at 3745 W. 58th st., Wednesday morning. Two remaining members of the family are in serious conditions and it is believed that the effects of the gas poison will probably prove fatal. The dead are:

Mrs. Annie Krugger, 38 years old.
Lydia, her 10-year-old daughter.
Elsie, a 3-year-old daughter.

A son, Edward, who is 12 years old, was reported to have been dying in the Englewood hospital Wednesday morning and the father, Julius, 40 years old, is at the County hospital in a serious condition.

The tragedy was discovered by Mrs. Minnie Lumb, who lives two doors away from the Krugger home at 3751 W. 58th st. She smelled the fumes of escaping gas shortly before noon and when she was unable to find a leak in any of the pipes running through the house she called her husband, Samuel Lumb, who is employed in a State st. furniture store.

"There is a strong odor of gas in the house," she told him. "I am unable to find the cause of it, but I have not seen any of the Krugger family about and I fear that something has happened there."

Lumb told his wife that he would be home as soon as possible to investigate, but before he left the store he called the Englewood police and sent them to Krugger's home. Officers Wragg and Hill of the flivver squad answered the call and upon arriving at the house were unable to gain entrance. They forced the door and, making their way inside, found all five members of the family overcome by gas fumes that filled the house. Mrs. Krugger and her daughter, Lydia, were dead.

Pulmotor squad No. 5 were called and worked upon Krugger and the two other children. After they were partially revived they were taken to hospitals. The two children were taken to the Englewood hospital in the Englewood police patrol and the father was taken to the County hospital by the Gresham police.

The 3-year-old daughter, Elsie, died early Wednesday morning.

The street in front of the Krugger home is unpaved and it is believed that traffic on it had broken the gas main. Kruggers lived on the first floor of a house that had a very low basement and the fumes sifted up into their sleeping rooms.

Inquests for Mrs. Krugger and Lydia were held at Scharf's morgue, 3424 W. 63rd st., Wednesday afternoon.

MAIL LOOT INQUIRY GETS CONTINUATION

Commissioner James R. Glass, on a motion from the government, continued the case of Dr. Haldane Cleminson and five others alleged to be implicated in the disposal of mail robbery loot, until February 4 at 2 o'clock in the afternoon.

He gave as his reason for this action the absence of the government counsel, District Attorney Cahill, who is in New York on legal business. Dr. Cleminson, 63rd and Kedzie ave., appeared before Commissioner Glass Monday in the Federal building. He was accompanied by the others said to have helped in getting rid of $1,000,000 cash and bonds stolen from a Los Angeles mail truck some time ago. They are: Walter Gehlaar, Michael G. Rowell, 320 S. State st., Jack Grahame, stock and bond salesman, William J. Serpes, and Kenneth Anderson, both of whom are of the firm of Hamilton, Anderson and company.

SOUTHWEST IMPROVERS TO ELECT FEBRUARY 8

The annual meeting of the Southwest District Improvement association will be held Friday evening, February 8, at 8 o'clock in the Marquette Park State bank building, 2409 W. 63rd st., when all officers for the coming year are to be elected. The organization, which has been in existence since 1909, has been a vital force in the development of Marquette Manor territory, one of the most significant accomplishments to its credit, in the opinion of William Brietzke, being the elevation of the B. & O. tracks on 63rd st.

Adequate lighting of streets in the Manor district is still a problem, Mr. Brietzke said. Various committees have been appointed and made repeated visits to the city hall, but, so far, efforts to get appropriations have been unsuccessful. Time at the last meeting of the association on January 25 was entirely given over to making up the slate for the election.

LIONS SET DEFINITE MEMBERSHIP GOAL

Fifteen new members by February 22 is the aim of the West Englewood Lions club which opened its membership drive at the meeting of the den Thursday. Elmer Jordan and Dr. J. W. Seaborg were appointed by President Peak to head the teams that will compete to obtain the new members.

To enliven the contest it was decided that the team procuring the most memberships by the close of the drive will be the guests of the losers at a dinner. Arrangements to have the meetings of the club held at the Ashland Christian church were not completed and the weekly gatherings will continue at the Great Wall restaurant.

Lineup for next week: toastmaster, E. H. Gerbrecht; three minute talk, A. R. Millner; silent booster, John Hertel, stationery, Carl Christensen.

BREAKS AWAY FROM BANDITS WHO FLEE AS CUSTOMER ARRIVES

GAS STATION PROPRIETOR FOILS HOLDUP MEN BY LOCKING HIMSELF IN PUMP ROOM

Locking himself in the pump room of the gas station at 62nd st. and Western ave., John Lettiere, 6129 Campbell ave., the proprietor, foiled two bandits who attempted to hold him up Thursday night.

Lettiere was alone in the station when the two men entered and, without a word, one of the pair struck him over the head with a revolver he carried. They overpowered him, placed a gag in his mouth, and attempted to tie him with ropes they carried.

As Lettiere struggled the men attempted to pull off the change register he carried strapped to his waist. Lettiere broke their holds upon him and dodging into the pump room slammed the door shut. The bandits tried in vain to kick in the door, but they failed to fire the guns that both of them carried.

Just at that time J. F. Lindsey, 6219 Artesian ave., drove up to the station to get gasoline and with their guns and the rope with which they had attempted to bind Lettiere in their hands the bandits fled to a car they had left parked nearby.

The Atlantic and Pacific Tea store at 7305 Racine ave. was held up Wednesday evening by a lone armed man and William Marquardt, the manager, was forced to give up $77, the contents of the cash register. Marquardt, whose home is at 3610 Honore st., reported the holdup to the Englewood police.

BUSINESS MEN ASKED TO PUSH ABERDEEN SEWER AT HEARINGS

WEST ENGLEWOOD MERCHANTS URGED TO HELP PROJECT NOW FACING DEFEAT

Support of the Aberdeen st. sewer proposition was sought from the West Englewood Business District association by W. Merle Fisher at the luncheon Monday in the Jong Mee Lo restaurant.

Its importance to the business men of the district was emphasized by Mr. Fisher who urged every man in the organization to attend the public hearings on the matter at the city hall, and work to have the sewer plan placed with the city council for consideration again instead of allowing it to remain in the hands of the board of local improvements. He accused two aldermen of having worked to defeat it thus far, as a matter of political policy.

Mr. Fisher ended his plea with the request that business members get busy while the project is still hanging fire, and show the council it has been misinformed as to the true necessity for getting the sewer plan through, including its lateral divisions, which provide for branches running on 49th, 56th and 61st sts., connecting the Ashland ave. sewer with the proposed Aberdeen st. sewer.

Power of the board of directors in matters concerning the welfare of the association was limited at the meeting to embrace only those duties specified in the charter granted the West Englewood Business District association.

It was the consensus of opinion that members would take greater interest in the activities of the organization if permitted to handle them directly instead of having business delegated solely to the board for consideration. The directors will function only as a board of control in the future.

Edward Barry was appointed to head a committee for consideration of the Kelly bill now before the house of representatives providing for readjustment of postmen's salaries. The report of the committee will guide the association in its rejection or support of the proposed measure.

Meetings of the organization are to be held fortnightly, it was announced Monday. The newly elected president, Frank McGarr, presided over the discussion of the auto to be awarded in the business men's advertising plan to be fostered by the association. Before going forward further with plans for the event, a report will be made on the attitude of the city officials toward such projects.

John Scheffe, grocer at 6512 Bishop st., was elected to membership in the association.

REORGANIZING ASHTAW CAMPING CLUB, RUMOR

It is understood that Frank Healey will again manage the Ashtaw Camping club at Wolf Lake, Ind., and that Charles F. Easter will return to the club as business secretary. Rudie Muehlhausen is credited with having induced the men to return to the club and with having eliminated certain factors which, for the past two years, have gnawed at the vitals of the organization.

The Ashtaw club has about fifty families, the greater portion of whom are from West Englewood. The editor of the Telegram remembers many pleasant hours spent in his own "Rest Haven" tent-house at the club and, like many others in West Englewood, hopes the rumor is well founded.

SET LINDBLOM P. T. A. MEET DATE UP NOTCH

The date for the meeting of the Lindblom High Parent-Teacher association has been changed from February 15 to February 8, according to announcements made this week. A special invitation to parents of freshmen entering Lindblom this semester to attend is being made in order that they may become acquainted with their children's teachers, and get in touch with the activities at the school.

TELEGRAM TO CHANGE NAME FEBRUARY 14

Foster & McDonnell Papers to Be Called Southtown Economist

Beginning with the mid-February issues, the three Foster & McDonnell community weeklies, the Merchants Telegram, the Englewood Economist, and the Auburn Community Booster will be published under the consolidated name of Southtown Economist, the purpose of the change being to make possible the offering of certain improvements in news and advertising service not feasible under the present system.

The change will not, however, affect the strictly local character of the publications. The Southtown Economist will be issued in three separate editions, serving primarily the three territories to which the three individual papers are now devoted.

That is, excepting for the fact that better and more extensive service in all departments will be made possible, the West Englewood, Marquette Manor, Chicago Lawn and Englewood-on-the-Hill edition of the Southtown Economist, to be known as the West Edition, will, to all practical purposes, be the same paper as is now the Merchants Telegram.

Although carrying news of interest to the entire Southtown district, it will place especial emphasis on the events and items that concern the districts mentioned and their immediate neighbors, as has been done heretofore. The West Edition will appear on Thursday, as the Telegram has done in the past, while the the Englewood and Hamilton Park edition of the Southtown Economist will be on Wednesday.

The publishers have chosen "Southtown" as a name sufficiently comprehensive to denote the great interrelated south side of Chicago, and one that is capable of expansion in meaning to correspond with the predicted growth of the section.

"The change in name is only a first step in extensive reorganizations and improvements we hope to see accomplished by our papers before the end of 1924," said Jno. E. Foster, one of the publishers. "While it will mean some awkwardness and inconvenience to our readers for a time, we believe they will come to like the new name better.

"We are firm believers in community aggressiveness and the possibilities for accomplishment through the combined efforts of men and women living in restricted sections. But we believe the larger things must be tackled by neighboring communities working together. By getting our sectional editions under a new combined name for our papers, we are only following the trend toward increased co-operation between the neighboring districts of the great southwest side, which we find becoming more noticeable month by month."

M. D. SMITH KILLED SATURDAY BY AUTO

Marshall D. Smith, 55 years old, 6136 Talman ave., was struck and fatally injured by a Yellow cab while crossing 63rd st. at Wentworth ave., while on his way to work early Saturday morning.

Smith had dismounted from the front platform of an eastbound 63rd st. car and had walked around the front of the car into the path of the taxicab, which was westbound. Duane Cotton, 22 years old, 6429 Evans ave., the driver of the cab, who was taken into custody by the police claimed that Smith apparently did not see the cab as he had walked directly into its path. Smith was taken to St. Bernard's hospital by Charles E. Morris, 6416 Stewart ave., who was passing in his machine at the time the accident occurred. He died two hours later from a fractured skull, without regaining consciousness. Cotton was held pending the coroner's inquest which took place at the hospital Monday morning. Police officers who tested the brakes on Cotton's cab found them to be in perfect condition.

$2,000 FIRE LOSS IN WESTBERG HOME

Fire, originating from careless disposal of hot ashes, caused a loss of $2,000 in the home of Carl Westberg at 6527 Troy st. Tuesday morning. The flames swept rapidly through the bungalow and when Battalion Chief Moynihan arrived he sent in a special call that brought out extra equipment. The basement and the roof were badly damaged.

BYRNE NAMED FOR SANITARY TRUSTEE

Thomas F. Byrne, alderman of the 15th ward, has been named by the regular Democratic organization as one of their three candidates for the Sanitary trusteeship at the April primaries. Ald. John S. Clark was named for the same board and Ald. Max Adamowski for the office of circuit court clerk.

NEW REPUBLICAN CLUB HOLDS ELECTION

A meeting was held Monday evening at Marquette Manor club house, 6048 Fairfield ave., of the new 15th Ward Republican club.

Officers were elected as follows: Matt A. Mueller, executive chairman; Alfred A. Arendt, president; P. J. Zilligen, vice president; Herman Lewald, secretary; Walter Gorniack, treasurer; and Nick Hendricks, sergeant at arms.

SOCIAL AND ORGANIZATION ACTIVITIES

Berry-Searls

Of particular interest to residents of West Englewood was the wedding of two young people well known in the community, Miss Edith Marie Berry, daughter of Mr. and Mrs. Louis Berry, 6635 Maplewood ave, and Richard A. Searls, 6757 Loomis blvd., who were married at the home of the bride's parents on Saturday, January 12, at 9 o'clock in the evening. The Rev. G. Olson, pastor of the Messiah Swedish Mission church, 54th and Lincoln sts. read the service.

and sweet peas. Miss Ethel Broberg as maid of honor wore a peach colored frock and the bridesmaid, Miss Ruth Isberg, wore pale blue. Pink roses were carried by the maid of honor and bridesmaid. The bridegroom was attended by his brother, William Searls, and Carl Berry, the bride's brother.

Palms, ferns and pink and white flowers were the decorations and the dining room was trimmed in pink and white to carry out the same color idea. Between ninety and one hundred friends and relatives were present at the wedding ceremony and remained for the 10 o'clock supper, which was served. Mr. and Mrs. Searls are now at home at 2307 E 70th st.

Martha Washington Bunco Club

Mrs. A. Weston, 1718 W. 63rd st., entertained the Martha Washington Bunco club Thursday, January 24. Prizes were awarded Mrs. J. Vincent, 65th and Peoria sts.; Mrs. J. P. Ries, 6235 Paulina st.; Mrs. J. O'Malley, 6400 Ashland ave.; Mrs. J. R. Reilly, 1718 W. 63rd st. The next meeting will be held at the home of Mrs. M. Henning, 6041 Paulina st., Thursday, February 7.

Hold Memorial Services

Joint memorial services were held at 2 o'clock Sunday afternoon, January 20, at 6236 Princeton ave. for departed members of George G. Mead Post No. 444, George G. Meade, Women's Relief corps No. 136, Mrs. Ellsworth Tent No. 5 Daughters of Veterans, Martha Ammen Tent No. 20 Daughters of Veterans, Ladies of the G. A. R., Sons of Veterans, and for one member of Burnside Post.

George G. Meade Post lost eight members; Relief corps, ten; Tent No. 5 Daughters of Veterans, two; Tent No. 20 Daughters of Veterans, two; Ladies of the G. A. R., two. The speaker of the day for the Post was Dr. Robinson and for the ladies' organizations, Mrs. Lambert.

Earle Parent-Teacher Association

The Parent-Teacher association of Earle Branch No. 2 will meet at 3 o'clock, Friday afternoon in the kindergarten portable on 61st st., near Rockwell. Miss Frances Swain will give a talk on "Proper Foods for Children."

G. A. R. Veteran Takes Bride

Valentine Eckhart, 1007 E. 54th pl., bridegroom of 78, and his bride of 71 summers, are receiving the hearty congratulations and good wishes of their fellow comrades of George Meade Post No. 444, and Women's Relief corps, No. 136, G. McManamon's Policy

IT has always been the policy of this store to carry only the better lines of merchandise, but to buy in quantities sufficiently large to make the price attractive. That is why we have always been able to sell our furniture at low prices, and still give you furniture that would wear well, look well, and give you complete satisfaction. This policy has built us a big volume of business, and consequently we have prospered and have made our business profitable in spite of the fact that we have been operating on a small margin. This week we are featuring every item in our store at a 25% to 50% reduction in price. When the average store cuts 50% off its price, the value is indeed attractive. However, when we, with our already low price policy, offer an additional reduction in price of 50%, you can readily appreciate what it means. It means a loss to us—a gain to you. From our standpoint it is a loss in one sense of the word. However, when you consider the fact that our stock will have to be moved if it is not sold, we can afford to offer you the price of

Urges Women to Exercise Vote

To "say it with votes in 1924" should be the foremost ambition of every American woman from now on the members of the Neighborhood House Woman's club were told at their Thursday afternoon meeting on January 24, by Mrs William Harrison Cade, state chairman of citizenship for the Illinois Federated Woman's clubs.

Mrs Cade's message to the club members was, "Learn how to vote to elect the president of the United States." An unavoidable delay prevented her appearance in time to give her scheduled talk on "Citizenship." Arriving at a later hour, the speaker took only a few minutes in which to arouse club women to a sense of their responsibility as voters Pointing ahead to the presidential election next November, Mrs. Cade reminded her listeners how much depended on their intelligence in the use of the franchise and stimulated their interest in citizenship study classes by telling how much can be accomplished in community classes Round tables and home meetings were suggested as interesting and inspiring forms of learning about the duties of the American citizen Mrs Cade concluded with a promise to the Americanization class to be present at one of its study periods in the near future.

"Our Zoning Appeal Board" was the subject of talk by Mrs H. S Young, chairman of the zoning committee of the Woman's City club, before the members present at the morning session.

Pansy Club

Mrs. Tysiak, 1848 Waveland ave was hostess to the Pansy club Tuesday of this week. Mrs. Teshner, 861 Morgan st., entertained the club January 16. Englewood Woman's Club

The department of education of the Englewood Woman's club is offering a program of special merit next Monday morning Mrs M H Lieber, who is chairman of applied education for the State Federation of Women's Clubs, will give a talk on "The Changing World" There will be an exhibition of charts showing something of the vocational work of the Chicago public schools, and Ann Davis, who has been superintendent of this work for a number of years, will be present and give a talk on "Educational Legislation." The Boys' Glee club of Parker practice school will sing. The program will be in charge of Mrs. C F. Weir

Following the precedent of recent years, the club presents to its members next Monday afternoon, its mid-winter dramatic program. Edith Margaret Smaill, a faculty member of Wellesley college, will be heard in dramatic recital. Her subject is "The Habitant of Old Quebec." This recital has been given 500 times in the presence of royalty in England and in the miners' camps of the Rocky mountains So true is her delineation of character and so charming her personality that whatever the character of her audience, it is a responsive one.

Miss Dorothy Tower, pianist, will be the musician of the afternoon. The honored guests will be the members of the Chicago Dramatic society.

Engagement Announced

Mr. and Mrs. Robert M. Hanel, 6146 May st, announce the engagement of their daughter, Laura E., to John D Anderson, 7636 Union ave. Miss Hanel is a graduate of Parker high school, with the class of 1923, and both young people are well known in the community.

Neighborhood House Club

The chorus of the Neighborhood House Woman's club will meet at 11 o'clock Thursday morning, the regular weekly meeting day of the club. A music memory contest by members of the chorus will be held. At 2 o'clock, during the afternoon program, there will be a recital by the Musicians club of women. Mrs. Josephine Hendrickson will be hostess.

Mrs. Boedeker Will Entertain

The West Englewood Cinch club met last Wednesday at the home of Mrs. Kathryn Daniels, 7132 Aberdeen st. Luncheon was served at 12.30 o'clock. Prizes were won by Mrs. Belle Foulis, Mrs. Anna Decker, and Mrs A. N Hannan.

The next meting of the club will be held the second Wednesday in February at the home of Mrs Jennie Boedeker, 6353 Marshfield ave.

Hamilton Park Woman's Club

The music department of the Hamilton Park Woman's club, of which Mrs. A. Cook is chairman, will have charge of the morning meeting of the club on February 5. R. B. DeYoung is the speaker. He will discuss "Technical Appreciation of Singers." The timely subject, "The Monroe Doctrine and the Bok Award," will be discussed in the afternoon by Andrew C. McLaughlin of the department of history of Chicago University.

A tour of the Chicago Artists exhibit at the Art Institute will be conducted by Miss Lucie Hartrath at 2 o'clock on Friday afternoon, February 8.

"Lake front development" and "the restoration of the Columbian Fine Arts building" are two phrases more often used than any others, perhaps, in discussion of the work of the South Parks board, which is occupying the attention of the public particularly just now because of the appointment, scheduled to take place next month, of a commissioner to fill the vacancy which will be made by the expiration of the term of Judge John Barton Payne. The attitude of possible appointees to the two questions, especially the latter, seems to be determining, for many men and women, whether they are, or are not, qualified to fill the place. And the two projects are of supreme importance. The Fine Arts building is an artistic masterpiece that Chicago, a city which, in spite of its youth, has long since outgrown the merely materialistic stage of development, should preserve. The lake front is one logical location for first steps in the materialization of the "Chicago Beautiful" dream.

THE MAIN ISSUE IS—?

Both projects are important, and yet neither has any direct, vital relationship to the welfare of the Southtown district. Our immediate problems, that come under the province of the South Parks board, are the securing of more small parks, the betterment of those we already have, and the extension and widening of boulevards. Our interests will best be served if the appointment goes to a man with breadth of vision regarding the possibilities for development of the entire south side—the great, awakening southwest side, as well as the lakeside district—one whose own interests are involved in that development and who, through everyday contact with the problems south side citizens are facing, has made their ideals for progress his own. Incidentally, such a man will be of most value to all the activities of the board, including the work of restoring the Fine Arts building.

Several men of excellent calibre are being named for the place. The possibility of the appointment of Michael L. Igoe, state representative from the fifth district, has been declared improbable because of his expected candidacy for another state office. The fact that he is not a resident of the south side should weigh strongly against him.

Albert Mohr, who served satisfactorily for ten years on the board, his term expiring only a year ago, is receiving, it is understood, consideration by the judges. Mr. Mohr's record speaks for his interest and activity along the line of small park development. Last year, when nearly seventy-five business and improvement associations of the south side signified their backing of his candidacy for reappointment, he pledged himself to give especial consideration to the needs of the southwest side. The name of Carl P. Morgan, editor of the Calumet Index, has been receiving persistent mention for the place. Without Mr. Mohr's record of service to the board for reference, our personal acquaintance with him induces us to believe he would fill the position efficiently. George W. Fleming, president of the Oakland Business Men's association, we know less about, but his associates speak well of his ability. There are others on the list.

Unfortunately, the appointment has always been governed too largely by political preference and "string pulling." The personnel of the South Parks board, and its influence on the future of our great district, is too vital a matter to be subject to the "spoils system." We urge the circuit court judges to appoint a man of sterling worth and ability who will give his best efforts to helping the south side to a realization of its possibilities.

Let's sing a different tune. Churchmen are usually on the lookout for helpful suggestions through which they can stimulate better conditions, general, and specific. Hence editorials galore, where all sorts of faults are found, and remedies offered, usually, in the spirit of sincere desire to help. When the suggestions don't appeal to us we dub their authors "reformers," or maybe the less savory term "hypocrites." So, let us sing a different tune, and engage in a little self-praise of this city of ours. There is much to be proud of, and justly so. Father Dearborn may be allowed to put his feet on the stove and smoke the old "Missouri Mersbum" and brag just a bit. For instance:

A DIFFERENT TUNE

By the Rev. L. W. Almy, Pastor Marquette Park Presbyterian Church

We have the greatest city in the world. Give us a few more years and Michigan ave. will be the main street of the globe.

We have the biggest business men the world over. Chicago is speedily becoming the business center of the country. In location and advantages otherwise we ought to be the Capital City of the nation. And we may be, some day.

Our laboring men are honest, industrious, and strong-hearted. They are wide awake, and hard working.

Our schools, though overloaded, maintain an excellent standard.

We are fortunate in having a mayor who knows what his oath of office says about upholding the law.

All railroads begin here. And the Chicago market is probably second to only one other.

We feed multitudes with our meats.

We add a new sky-scraper often enough to astonish frequent visitors.

Other cities advertise their parks. Visitors drive all day through ours, and hardly see the half of them.

In sports we give the keenest competition to all comers.

Our operas are broadcasted to the four corners of the sphere.

Our Art Institute and Museum are marvels in their field.

Our churches are many, and magnificent, training strong men and fine women.

Now, if we can permeate all of our civil life with a definite religious spirit and motive, our success will not only be assured, but enlarged. Jesus, Prophet of Nazareth, tells us how: "Whosoever would become great among you let him be your servant."

To the editor's desk this week came a story, a very excellent story it was, one which no one should have been ashamed of having written. But the article was not signed, and the editor was in a quandary. The item had all the ear marks of real news, but as is usually the case with amateur news gatherers' reports, some essential details were omitted, among them the whereabouts of the party involved. But so good was the item that it was not immediately consigned to the waste basket. Several hours of a reporter's valuable time were spent in an effort to locate the heroine, but all to no avail.

SIGN YOUR NAME

We wish the sender would "come across" with a little more information in this particular case, but our chief purpose in editorializing about the matter is to urge our contributors always to tell us who they are. Unsigned articles either reach the waste basket or else we must make an elaborate check on the contents of the communication. Help yourself and us by giving us your name, address and telephone number when you send in news.

"The Ear of the World"

Inside the Arctic Circle, nine degrees from the North Pole, a little 89-foot schooner is frozen fast in the ice of Smith Sound. Aboard this schooner a group of brave men are enduring, as best they can, the desperate cold of the Arctic—cold that often drops to 60 degrees below zero. Human atoms in a boundless field of ice!

Cold is hard to endure, but far more terrible is the Arctic solitude—unbelievably oppressive. Radio, at length, has broken this spell forever!

Concerts from Honolulu

Daily, by means of powerful sending and receiving apparatus, the crew of the "Bowdoin" are in communication with relatives and friends in the far-off States. Daily they listen to concerts as far away as Chicago, Dallas, and Honolulu!

When the sanity, the very lives of one's shipmates may depend upon contact with the outside world, none but the BEST is good enough.

Dr. MacMillan's Choice---the Zenith

Out of all the radio sets on the market, Dr. MacMillan selected the Zenith exclusively—because of its flawless construction, its unusual selectivity, its dependability and its tremendous reach.

Already his operator, on board the "Bowdoin" in Northern Greenland, has tuned in several hundred stations. You along the Atlantic who brag a little when you tune in Catalina Island—what would you say if you tuned in Hawaii from the Arctic Circle?

The set that Dr. MacMillan has is a standard Zenith receiving set. And you can do all that MacMillan does, and more, with either of the two new models at the right. Their moderate price brings them easily within your reach. Write today for full particulars.

Long Distance Radio at the NORTH POLE

Model 4R—The new Zenith 4R "Long-Distance" Receiver-Amplifier comprises a complete three-circuit regenerative receiver of the feed-back type. It employs the Zenith regenerative circuit in combination with an AUDION DETECTOR and THREE-STAGE audio-frequency amplifier, all in one cabinet.

Because of the unique Zenith "selector," unusual selectivity is accomplished without complication of adjustment.

The Zenith 4R may be connected directly to any loud-speaker WITHOUT the use of other amplification for full phonograph volume, and reception may be satisfactorily accomplished over distances of more than 2,000 miles **$85**

Model 3R—The new Zenith 3R "Long Distance" Receiver-Amplifier combines a specially designed distortionless three-stage amplifier with the super-efficient Zenith three-circuit regenerative tuner.

Fine vernier adjustments—in connection with the unique Zenith aperiodic or non-resonant "selector" primary circuit—make possible extreme selectivity.

2,000 to 3,000 Miles with Any Loud Speaker

The new Zenith 3R has broken all records, even those set by its famous predecessors of the Zenith line. Satisfactory reception over distances of 2,000 to 3,000 miles, and over, is readily accomplished in full volume, using **any ordinary loud-speaker.** No special skill is required.

The Zenith is the only set built which is capable of being used with all present-day tubes as well as with any tubes that may be brought out in the future. The Model 3R is compact, graceful in line, and built in a highly finished mahogany cabinet **$160**

THREE BOYS UNDER 15 COMMIT SEVEN HOLDUPS IN 3 DAYS

STUDENTS AT LINDBLOM HIGH SCHOOL ARE PICKED UP WITH GUNS AND MONEY

Three boys, the oldest two 15 years of age, arrested by Lieut. McFadden and his detective bureau squad on suspicion early Friday morning, confessed to seven holdups in three days. Two of the robberies were committed on the night of their capture.

They are John Wiest, 14 years old, 6632 Wabash ave., Frank, his 15-year-old brother, and Joseph Isaacs, 15 years old, 6542 Lafayette ave. The youngest Wiest, in spite of his extreme youth is over six feet tall and his brother is but an inch shorter. They were picked up in a restaurant at 63rd st. and Western ave. and, upon searching them, Lieut. McFadden found they carried a gun and had over $68 in their possession.

When taken to the Englewood station for questioning they told of the seven robberies they had committed. Just previous to their arrest they had hired a cab at 67th st. and Ashland ave. and told the driver to take them to 68th and Honore sts. Here they held up the chauffeur and forced him to hand over $25. They also confessed to having held up a pedestrian and obtained $8 from him. However, no report was made on this robbery.

The other robberies to which they confessed were made in the Woodlawn police district. In their confessions they implicated two colored youths, Waymond Chappell, 22 years old, 5705 State st., who they claim furnished them with the revolver they used, and Elmer Johnson, 10 years old, 6105 Michigan ave., who they said accompanied them on the taxicab robbery made just previous to their arrest.

The Wiest brothers were students at the Lindblom high school and Isaacs, according to the police, is the son of William J. Isaacs, chief clerk of the board of local improvements.

The three boys were arraigned in the juvenile court Tuesday afternoon and the colored youths are being held at the detective bureau to be arraigned in the Boys' court.

Mr. and Mrs. W. Newman, 1116 W. 63rd st., left January 11 for Miami, Florida, on an eight weeks' visit. They will stop at various cities on their return trip.

OBITUARY

Mrs. Erna McDonnell

The death of Mrs. Erna McDonnell, wife of William McDonnell, 5600 Hermitage ave., occurred suddenly Sunday evening at the German Deaconess hospital following the birth of a pair of twins. Mrs. McDonnell was a member of Rainbow council, Security Benefit association. Besides her husband and two infant daughters, she leaves her father, Louis Ditter, and three sisters, Mrs. Loretta Nelson, Mabel, and Beatrice Ditter. Funeral services were conducted at 2 o'clock Tuesday afternoon at the home by the Rev. H. Brodt and interment was at Mount Greenwood

John Jopling

John Jopling, an old settler and for many years a resident of West Englewood, died Friday of last week at his home in River Rouge, Mich. Mr. Jopling was a member of Mystic Star Lodge, A. F. & A. M.; John M. Pearson Chapter No. 231, R. A. M.; Englewood Commandery; Medinah Temple; Ogden Park Chapter No. 603, O. E. S., and Order of the Sons of St. George. He is survived by his wife and two daughters, Mrs. Sarah Jopling, Mrs. William Dixon, and Florence Jopling.

Funeral services were conducted at 2 o'clock Monday afternoon and burial was at Detroit, Mich. Miss Jessie Kirkpatrick, 6525 Normal blvd., an old time friend of the family, attended the funeral.

Mrs. Elizabeth J. Thompson

Mrs. Elizabeth J. Thompson, 37 years of age, died at her home, 6543 Wood st., Wednesday of last week after an illness of four years. Funeral services were conducted by the Rev. Clinton C. Cox at Drexel Park Presbyterian church at 2 o'clock last Saturday afternoon. Interment was at Evergreen cemetery. Mrs. Thompson had been a member of Drexel Park church. She is survived by her husband, Charles A. Thompson, father, Francis J., three brothers and a sister, Roy, Frank, and William Bailey, and Mrs. Iva Agnew.

George J. Kasbaum

George J. Kasbaum died at the Hahnemann hospital January 24, after a lingering illness of several years. He had been confined at the hospital the past fifteen weeks. Mr. Kasbaum leaves his wife, a sister, Mrs. Julia Peglow of LaPorte, Ind., and brothers, Christ, Charley of Fort Wayne, Ind., and John and William of Defiance, Ohio. Services were conducted at 2 o'clock Monday afternoon by the Rev. C. C. Cox of Drexel Park Presbyterian church.

ANDERSON IS AGAINST SMALL ON PRINCIPLE

Voters often express surprise and disgust when they learn that candidates or party leaders are aligned differently than in some previous contest. Really, there is no basis for such disgust. After all is said, Republicans are Republicans. When the primaries are over, imaginary animosities are forgotten. I say imaginary, because animosities really do not exist between party leaders, although petty, personal jealousies do.

Daniel Anderson, acting ward committeeman 18th ward.

Factions are an essential part of our system under a primary law. If all factions were united, a primary election would be useless. Two or more factions give the voters an opportunity to choose between two or more candidates for each office.

Party leaders, before a primary, are divided either for selfish reasons, or on account of certain principles involved or on account of both. Thompsonism has been involved in our primaries for years, and the next primary is no exception. A few party leaders at this time may have aligned themselves against Small for selfish reasons, but practically all of them have done so on account of the principles involved.

On the whole, anti-Small leaders are aligned against him, because they dare not endorse his record, either as state treasurer or as governor, and because they believe his nomination will bring victory to the Democratic party in the fall election. Others, who should be against him in order to be true to themselves, are now shoulder to shoulder with him, because of the aid which they hope to receive from his organization.

If Small is nominated, I, as a loyal Republican, shall agree to support him after the primary, but if the Democrats are then victorious, I want Republicans to know that I did all in my power to prevent his nomination.

18TH WARD RECEIVES INCREASE IN STREET CLEANING FUNDS

SIXTEEN TEAMS NOW AT WORK IN WARD, PROMISE BETTER SERVICE THROUGH WINTER

In mid-December this paper published a story showing how the appropriations for streets and alleys cleaning in the 18th ward compared unfavorably with the sums given to other wards for the six months between June 1 and November 30.

The appropriation for the work for the month of January was $5,700, whereas the apportionment for the entire six months' period mentioned had been $20,887.

There are sixteen teams now working in the ward, five more than were employed durin the month of December.

"Commissioner Byrne told me he expected to give us $5,100 for the January work," said A. J. Layden, democratic ward committeeman. "I showed him a copy of your paper with the story, and requested an additional $500. After looking over the comparative figures he changed the amount to $5,700, more than I had asked. Further, he assured me that increased attention to the needs of our ward would be continued throughout the winter."

QUARTER CENTURY OF SERVICE REWARDED

Continuous service to one company for a quarter of a century won for J. R. Ireland, 3436 W. 60th pl., a locket studded with a diamond. The gift was presented by the home office in New York of the Prudential Life Insurance company. It marks their appreciation of his rise from agent to a Chicago branch superintendent.

Officials of the concern came here from the east to attend a luncheon given Saturday in honor of Mr. Ireland in the red room of the LaSalle hotel. George W. Munsey, vice-president, John W. Birkett, assistant secretary, and George W. Williams, manager of the company, were at the banquet. Mr. Williams acted as toastmaster.

Employes of the Prudential office at 1521 W. 63rd st., to the number of eighty-eight, were guests at the affair. Previously they had attended a business meeting at 11 o'clock in the east room of the hotel. Nine of his associate superintendents also were there. The Rev. Edwin C. Palmer, pastor of the Chicago Lawn church, was present.

Mr. Ireland became identified with the Prudential company twenty-five years ago. He was then an insurance agent in Louisville, Ky. He later came to Chicago for the concern and had an office at 42nd and Halsted sts. in February, 1908. He remained at that location until 1915 then moved to his present offices.

DENEEN, MISS VITTUM CORPERNICUS SPEAKERS

Additional details for programs at Copernicus school where, on Thursday evening, February 7, a series of six weekly community nights will begin, have been announced by the Rev. Will F. Shaw, pastor of Ashland Church of Christ, who is chairman of the committee for the project.

As previously announced, Dr. Herman N. Bundesen, city health commissioner, will speak the opening night and Mrs. William S. Hefferan of the board of education will be the speaker on February 14. A new announcement is the name of Miss Harriet Vittum of the N. W. U. settlement, who will be the speaker on February 21. On that evening the community music will be arranged by Mr. Maloney and the Rev. P. A. Bryson. W. E. Williams will have charge of music the opening night and A. H. Simms on the evening of February 14.

Speakers for business men's night, February 28, and for March 6, have not been announced but on March 13, Charles S. Deneen, former governor of Illinois, will speak, and music will be in the hands of D. H. Harris.

Mr. Shaw announces that the possibility of arranging other programs, in addition to the six now being planned, is under consideration.

C. E. MASS MEET AT FEDERATED CHURCH

Southwest Christian Endeavor Union will hold its annual mid-winter mass meeting at the Auburn Park Federated church, 77th and Normal, Thursday evening, January 31, at 7:45 o'clock.

A large audience is expected to hear the Rev. E. L. Reiner, pastor of the Waveland Avenue Congregational church, deliver an address on the subject: "The Christ of Today." There will be special music by an orchestra made up from the various societies in the division.

Only 15 per cent of the $1,000 budget which the union made up last fall remains to be raised. This balance is expected to be raised before the end of the month. There are now twenty-one active senior societis, having a membership of 850, which leaves only 15 per cent of the membership goal of 1,000 members yet to be attained.

SCHENK CO. OPENS BRANCH OFFICE

The Walter H. Schenk Co., of 6601 S. Central ave., have opened a branch office at 3251 W. 63rd st. The office has been opened for the purpose of taking care of contractors in Chicago Lawn and Marquette Manor and to save them the inconvenience of the long trip to the main office. The office is open from 9 a. m. till 9 p. m.

MULHOLLAND REALTORS OPEN NEW OFFICE

Frank A. Mulholland company, 6243 S. Western ave., due to the large increase of business, announce the opening of a new branch office at 5835 S. Kedzie ave., where they will help build up the district of 59th and Kedzie ave. The branch office will be managed by James M. Mostyn, where the company will endeavor to continue to serve both owners and buyers as heretofore.

ELLINWOOD REALTY CO. MOVES

The Ellinwood Realty Co., recently located at 1351 W. 79th st., has now moved to larger and more convenient quarters at 804 W. 79th st. The Ellinwood Realty company has numerous branch offices, with its main office located at 25 N. Dearborn. The local office at 804 W. 79th st., is under the management of Mr. Lundberg, who personally invites everyone to visit him at his new location.

WHITEHEAD BROS. HAVE BIG FIRE SALE

Fire entered the automobile establishment of Whitehead Bros., 6701-03 S. Halsted st., but fortunately left the stock almost in perfect shape. The boxes in which merchandise was contained were slightly marred by smoke. Whitehead Bros. are now holding a big fire sale, in order to completely "turn over" their entire stock. Many unusually attractive values are presented to the motorist. This is the same progressive concern that is building one of the finest automobile accessory buildings in the city, locating at Marquette rd. and Western ave.

Members of the Ashland Christian Endeavor society, calling themselves the "Aces," have been having a spirited contest within the society, having four cars making the run to Portland, Oregon, to the next International Convention. At present the Stutz leads by 50 miles, with 1,200 yet to go.

FLOWER GRADUATES FIND POSITIONS

As graduates from the five months' secretarial course at Lucy Flower high passed to the platfor. to receive their certificates last Thursday evening, Miss Dora Wells, principal, was able to announce that all of them who desired positions are already working; the three who have not been placed do not wish to go to work at present. Several went to positions in December. The services of the vocational adviser, Miss Ryan, are always at the service of these students, and she and the class teacher, Miss Anna Maher, have been very successful in placing graduates.

LOCAL CHIROPRACTORS HEAD ASSOCIATION

Several local chiropractors were elected to official positions in the Chicago Chiropractors' association at the annual meeting held Sunday afternoon at 19 W. Adams st.

Dr. Joseph B. Reale, 5922 Normal blvd., was chosen president; Dr. Daniel Gordon, 6345 Halsted st., vice-president; Dr. Helen G. Button, 6255 Ashland ave., secretary; and Dr. Gertrude I. Bogard, 3444 Lawrence ave., treasurer.

W. Merle Fisher, 1256 W. 64th st., drove Sunday to Grand Beach, Mich., where he witnessed the ski contests.

FIRE SALE
We have been unfortunate in having a fire a few days ago, but are decidedly fortunate in having our entire stock intact, with practically no effects from the fire at all.
We must keep our stock up to date and in such shape that no criticism can be found with appearance or efficiency. To do this it is absolutely necessary that we dispose of the slightly smoked and soiled boxes of merchandise that we have on hand.
To clean up our entire stock consisting of:
$35,000 Worth of Tires, Auto Accessories, Ford Parts, Oils and Grease
We are offering them to the buyer at prices ridiculously low. These goods are all up to the standard of Whitehead Bros. quality of merchandise and we are assuring the purchaser that we stand behind these goods in our usual manner.
As we carry most things for the use of the car owner, it is impossible to list all the items that we have in our stock. However, to give the public an idea of what this sale means we show below a few of the items on sale:

Stability
Diversity of ownership always makes a market hard to control. It is only when the majority influence is centralized that market conditions are under control. This is one of the fundamental reasons why real estate is such a stable, sure investment. No man holds so much real estate that his success or failure will influence the general market.
Chicago is bound to grow. Its population is rapidly increasing. The man who secures a home for himself now will reap the reward that always comes to the wise investor.
Buy your home now—it is the wisest thing you can do.

ST. RITA SPLITS HONORS IN FOUR BASKET GAMES

St. Mel Heavies Give Local Crew a Trouncing But Lights Win

St. Mel leavies lowered the colors of St. Rita on the local court Monday, by a 24 to 15 score, but the home lights came back and downed the visitors, 9 to 8, to split the double bill.

St. Rita played loosely in the heavy contest, making eight bobbles and six of the visitors' points came from the free throws that followed the locals' fouls. Hayes stood on the receiving end of St. Mel's fast passing and registered four baskets. Daly, his mate, was next in line for scoring honors, counting a pair of ringers and tossing five free throws.

The lightweight game was a hard fought contest and not until the last minute did St. Rita clinch their win.

Against De La Salle in the De La Salle gym Friday the table of results was turned. St. Rita's heavies winning, 17 to 11, while the lights lost 21 to 1.

Felix, unable to get free shots was largely responsible for the heavies' victory. Seven times he looped the cage from inside the circle giving St. Rita more than their margin of points and, in addition, the lanky center led his squad in successful baskets from the court.

De La Salle's lights presented a strong defense and O'Connor was the only member of the St. Rita five who was able to break through the guarding and sink baskets from the floor. He is credited with nine of his team's total of 11 points.

Staging a sensational spurt near the end of their battle with Julia Gay at Lindblom Friday, the Covenant Baptist quintet tucked away a win, 21 to 15, and went into first place in the Lindblom division of the Church league. Previous to the start of the game, Julia Gay had held the league honors.

The game was a see-saw affair with Covenant on top most of the way, but the Gay five leaped to the front by a narrow margin of one point at the end of the third quarter. Covenant's short passing game was too much for Gay in the final session and led by Narten, who sank several short shots from under the basket, they scored nine points to each the contest. Narten, with six ringers from the court and three free throws, held the scoring honors.

A hard game is promised for next Friday when Covenant clashes with Drexel Park, the league runnerup, as the game will practically decide the championship in the Lindblom division of the league.

TILDEN SPLITS HONORS WITH LINDBLOM FIVES

Tilden heavies handed Lindblom another setback Monday in the West Lughwood gym to the tune of 17 to 7 but the local lights maintained their fast pace in the league running, nosing out the visitors 11 to 10.

Tilden's tight guarding kept Lindblom's efforts in the heavyweight tilt confined to lengthy shots and the only two baskets the locals did succeed in sinking were divided between the guards, Leicht and Whalen.

Mulhall did the principal part of the work in the lightweight game.

Phillips visited Lindblom last Thursday and some Lindblomite who feared the fisticuffs that has followed most of the cage contests between the local school and the colored basketeers sent in a riot call to the police. Three squads of coppers, under Sergt. Jenner responded but there was no trouble. The police saw Phillips heavies, the league leaders, hand the locals an easy drubbing, 27 to 5, but Lindblom lights played a wonderful game to take the longer end of a 12 to 9 score.

Englewood took two games from Tilden Thursday but the Purple boys had two frenzied battles on their hands before they did succeed in emerging victorious. Both games were fiercely fought, the Purple heavies coming out on top, 29 to 27, and the lights winning an overtime game, 26 to 25.

THOBURN WINS CAGE TITLES IN TWO DIVISIONS

Honors Come to Lights and Bantams in Respective Sections

Championships in two divisions of the church league came to Thoburn Friday. The Owls won the lightweight title of the southwest division by trimming the Englewood Presbyterians, 30 to 11, at Lindblom gym, while the Banties cinched the honors in their weight in the South Side Turner hall division by nosing out the Roseland Presbyterians, 11 to 10 in a thrilling finish.

With Burke registering seven counters the Owls had an easy time. Englewood gave them little opposition except in the first period when they held the Owls to five points but they were unable to get more than two themselves.

The lightweight battle was a thriller with Roseland staging a wonderful rally in the third session. They were blanked, 9 to 0, at half time by Thoburn but came back strongly and trailed by the narrow margin of two last minute of play but they threw points at the opening of the final session. The score was tied the last minute play but they threw the game away when Manson committed a personal foul on Dutton forty seconds before the final whistle. Dutton won the game by sinking the free throw.

The Owls have one more game on their league schedule, that with Julia Gay at Lindblom February 5, but since the outcome of this battle will have no effect on the league standing it is doubtful whether the teams will meet. The Banties will meet the Ingleside M. E. team at Lindblom Friday for the championship of the entire south side.

WIEGAND'S SHOT WINS FOR WHITE ARROWS

With Wiegand accounting for all four points, the White Arrows nosed out the strong Chicago Lawn Builders Tuesday of last week at the Eberhardt school gym by the unusually low score of 4 to 2.

After a deadlock of 2 up, the teams played an extra 3 minutes. During that time Wiegand scored the basket that gave the Arrows the margin of victory. Bless scored the only tally for the Builders in the third quarter.

The game was featured by the passing and close guarding of both teams. Although fairly matched in passing, the Arrow's guards, Stevens and Erickson showed up better on defense.

The White Arrows are desirous of scheduling games with lightweight teams having their own gymnasium. Arrangements can be made by calling "Bill" Hullinger at Prospect 3257.

Friday's game with Lorimer was an exciting affair which was not decided until an extra period had been played. The game was featured by hard and aggressive, rather than brilliant play. The teams were almost evenly matched, the score being 9 to 9 at the end of the first half and 19 to 19 at the end of the regulation game.

In the extra period the Marines got started and E. Miller caged a pair of baskets, while the defensive play of the local team held Lorimer scoreless until the last minute of play, when the visitors tossed a goal from mid-court.

Out of the Rough

By Fred S. Clisbee

The purpose of this article, and the weekly series which it is beginning, is synonymous with the above heading. "Rough," used in golf language, means trouble. As considerable playing is done in the rough by the majority of golfers, my idea is to help you readers to overcome some of your difficulties. Get you out of the rough, so to speak, and so help you to become more acquainted with the smooth rolling fairways.

The points I will bring out are based on my observation and experience over many years as a player and golf instructor. I trust you will in some measure be repaid for reading what I have to say.

My readers will be made up of all three classes of golfers, those commonly known as beginners, ones who intend or have just recently taken up the game, "the duffer" so-called, who has been playing some years and is getting worse; and the player whose game is above the average but who seeks improvement. I will have to deal with the difficulties of all three classes, therefore, if you are far ahead of me, you might do worse than to check yourself up, as I will commence at the beginning.

To hit a long straight ball down the course is not a gift as a lot of players believe. Anyone having a thorough knowledge of golf fundamentals can do it and with consistency. The first golf fundamental is the grip. The position of the hands in holding the club is important in executing the golf stroke. There is a great variation of grips used among our leading players, but Sarazen, Hutchinson, Hagen and Barnes all have adopted the principle of the finger grip. The variation comes purely in the overlapping and the interlocking of the fingers. Each has its good points, but they are not grips that can be used generally with success.

I have a good general grip which has proven successful and easy to acquire. This will be described in full in the next article along with your next step, the stance.

(Questions pertaining to any phase of the golf game will be answered by Mr. Clisbee in this column if addressed to him in care of the Merchants Telegram.

MARINE A. C. ADDS THOBURN, LORIMER TO LIST OF VICTIMS

THOBURN EASILY WALLOPED BY MARINES BUT LORIMER GIVES HARD FIGHT

Two more victories were added to the record of the Marine A. C. last week, Thoburn M. E. lights being swamped 44 to 10 Monday and the Lorimer Baptists being nosed out of an extra period contest, 23 to 21, Friday at the Emerald ave., gymnasium.

In Monday's game, played on Thoburn floor, the local boys were handicapped by the strange gymnasium, but the speedy Marine forwards slipped through Thoburn's defense for a number of easy baskets, and the outcome of the game was never in doubt.

Individual honors belong to Ray Marple, whose dashing floor game was easily the feature of the encounter. The diminutive forward constantly fed the ball to his team mates and in addition tossed five baskets. Nelson, J. Miller, and E. Miller also played flawlessly.

PEREZ UPSETS DOWLING TEAM IN 47-26 GAME

Every Member of Victorious Five Aids in Rolling Up Score

Perez council upset the dope in the Knights of Columbus basketball league at the Eighth Regiment armory, Sunday, by handing Dowling, last year's runnerup, a 47 to 26 drubbing.

The game was one sided with every member of the Perez quintet registering from the floor. Fred Naleway led the counting with eight ringers and his brother, Walter, Zeblis and Lewandowski each made four apiece. Egan played a fast game at guard holding Daly, the Dowling forward, without a shot.

February 3, the fourth Sunday after the Epiphany, there will be no celebration of the Holy Eucharist at 7 a. m. The first Eucharist will be at 9 a. m., which will be a full celebration with sermon and choral music. All are welcome.

Drexel Park Presbyterian Church, 64th st. and Marshfield ave., Rev. Clinton C. Cox, minister, 6542 Marshfield ave., Republic 0871. Services February 3, 11 a. m., communion, Reception of members, Christening of children. 7:45, "The Husband and Wife Against Each Other," second sermon of series. These services are attracting city-wide attention and are worth your while. Large Men's class at 12:15.

Evangelical Lutheran Golgatha Church, Rev. Wm. L. Mueller, pastor, 6518 Honore st., Prospect 6327. Sunday school, 8:45 in English. Divine service, 9:30, subject for sermon, "Isaac Blessing Jacob and Esau." Adult Bible class meets Tuesday evening. The Walther league meets Thursday evening. On Wednesday evening, 5:30 till 8 o'clock the Ladies' Aid will serve a baked ham and sauerkraut supper. The burial of the late David Patterson, 6640 Hermitage ave., will take place Tuesday, 2 p. m., the Rev. Mueller officiating. He is survived by a devoted wife, parents, two brothers and two sisters.

Mt. Carmel C. M. E. Church, corner 62nd and Ada sts., Rev. Prentis A. Bryson, pastor. Unusually large crowds are attending our services, because of the revival meetings now in session, with the Rev. K. J. Johnson, the noted evangelist, doing the preaching. Last Sunday night was Young People's night and our junior choir, with Prof. L. B. Spencer as chorister, furnished the music. Next Sunday communion will be observed at 10:15 and the Rev. Mr. Johnson will preach a special sermon at night.

Marlboro Presbyterian Church, 68th and Robey sts., Rev. J. H. McArthur, 6607 Wood st., pastor. February 3, 9:45 a. m., Sunday school; 11 a. m., morning worship, subject, "The Great Evangelist"; the Y. P. S. C. E. will meet at 6:45 o'clock, with Floyd Johnson, speaker; 7:45 p. m., the evening service, an address will be made by C. Hildebrand, vice president of the Christian Endeavor Union. A cordial welcome is extended to everyone.

First Mennonite Church, 73rd and Laflin sts., Rev. M. M. Lehmann, pastor, 1500 W. 72nd pl., Stewart 4330. The lesson for the Bible school is found in Exodus, Chs. 5-10, "The Nine Plagues." The theme for the morning worship is "Some Requirements of the Gospel Into Which the Angels Desire to Look." Our C. E. society at 7:00 every Sunday evening. Theme for the evening service, "Jonah and the Big Fish." We have recently started two personal sould winning classes. The classes meet every Tuesday evening. Wednesday evenings Bible study and prayer service. Every Thursday, 8:00 p. m., the choir rehearses the Easter cantata.

Thoburn M. E. Church, 61th and Paulina sts. Dr. J. H. De Lacy, pastor, 6400 Hermitage ave., telephone Prospect 5949. Next Sunday, February 3, is "Everybody Go to Church Sunday" at Thoburn. At 11 a. m. the pastor preaches. Soloist, Mrs. B. Weise, quartet, W. G. Matt, Miss E. Carlson, Mrs. Thos. Craig, and B. Platt.

At 7:45 p. m., Dr. E. G. Schutz, district superintendent, preaches. Soloists, Miss Ellen Erickson, Archer Ballantine. Saxophone duet, Miss Elizabeth Smith, Miss Thelma Dyke. Thoburn orchestra, A. C. Amidon, director; Thoburn choir, A. Ballantine, director; organist, Burton Lawrence.

John Bain, south park commissioner, will address the Thoburn Men's Bible class at 9:45 a. m. The West Englewood Masonic quartet will sing. A special invitation is extended to all West Englewood Masons.

Ashland Church of Christ, 62nd and Laflin sts., Rev. Will F. Shaw, pastor, 6218 Bishop st. To plan for special meetings led by Evangelist James A. Barnett preceding Easter, if nothing prevents, was voted by congregation last Sunday morning. Sunday school, 9:45; communion, 10:45; 11 a. m., sermon, "Why Attend and Support the Church?"; 6:45, Christian Endeavor. All young people welcome. 7:45 p. m., sermon, "The Straightway Gospel." Hear Dr. Rundeen at Copernicus school next Tuesday night, 8:15, community music. Program all free.

FLORENCE MACBETH SINGS BEFORE CLUB

Florence Macbeth, Chicago Civic Opera company star and nationally famous soprano, appeared in person before the Hamilton Park Woman's club Tuesday afternoon, January 22.

A few words of welcome and appreciation were spoken by the president, Mrs. Otto A. Sjostrom, who presented Miss Macbeth with a bouquet of red rose buds. The artist presented a dainty figure, in brown velvet. She talked for some minutes on "American Music and Its Traditions." Until now America, like a child, has had to spend its time growing and developing, said Miss Macbeth, and art has been neglected.

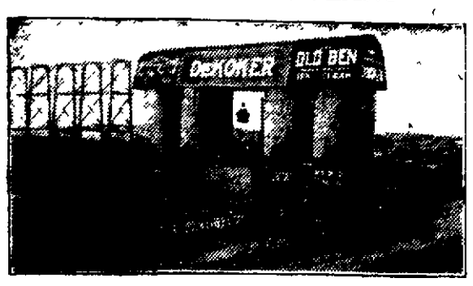
SAHARA COAL
and
De Koker Service
This Trade Mark Means Quality
A Guarantee to you of Complete Satisfaction
This little trade mark is small, but it means a great deal. It stands for a coal that gives the greatest heat.
THE DE KOKER PLANT



A plant such as this means service. We are equipped to render prompt and efficient service even during rush times. Give us a trial and we will prove it.

Are you looking for economical warmth these cold days?
Then Buy SAHARA Coal
Here's a fuel that is hotter than the desert from which it takes its name, yet is easily controlled in your heating plant.
Sahara coal comes from Saline County, Illinois---from "Little Egypt," sixty miles northeast of Cairo, on the American Nile.
Certainly we sell other good coals, but for economy, heat and satisfaction, we recommend
